JUDICIAL.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Judicial),—dated 10th March 1887.*

CAMP No. 1801--2, DATED 10TH MARCH 1887.

To—The District Magistrates of Kadur and Hassan.

SIR,

In view to obviate needless delay in the execution of warrants of arrest issued under the Breach of Contract Act XIII of 1859, I am directed to request you to instruct your subordinate Magistrates to deliver any such warrant when desired to the complainant, so as to enable him or his agent to produce it to the Police nearest the spot where the arrest may have to be made, and to enable such Police to execute it in due course of law without the delay which is often reported to result from the transfer of such warrant from one officer to another in due course of official routine. Warrants delivered as above to the complainants may be addressed "to the Police officers of Taluk." I am to request you to communicate the above orders to the Planters' Association in your District.

I have the honor to be,
Sir,
Your most obedient servant,
R. VIJAYINDRA RAO,
Chief Secretary.

PART I.

REVENUE.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 4th March 1887.*

READ THE FOLLOWING PAPERS:—

Petitions Nos. 3577 and 3578, dated 18th February 1887, from Gajalacher, Fattanurtyocher and others, Jodidars of Chinnahalli, Naraganahalli, Nallikunté, Pegur, Pettanahalli, &c., Devanahalli Taluk, complaining that the quit-rent imposed upon their Inam villages is excessive.

Also Quit-rent Registers of the above villages.

No. 8008-17—242, DATED BANGALORE, 4TH MARCH 1887.

ORDER THEREON.—Petitioners complain that the revised quit-rent imposed upon their inam villages is excessive. After an examination of the quit-rent registers, the Dewan is satisfied that the complaint is wholly unfounded. The valuation has been made in strict accordance with the liberal rules contained in para 4 of Dewan's Proceedings No. 4701-9—133 of 2nd September 1881, and petitioners' request for further concessions is unreasonable and untenable.

2. If there is any truth in petitioners' contention that 25 per cent of the assessment on arable waste is too large an addition to be made to the survey valuation on the ground of prospective improvements, they have their remedy in relinquishing such portions of the arable waste as they may not wish to retain. Upon such relinquishment, the remission of the proportion of the jodi due on the relinquished land will be sanctioned under such rules as may be framed for the purpose by the Dewan on the basis of the Chief Commissioner's Proceedings No. 3219—580, dated 31st August 1880.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Superintendent of Revenue Survey.
The Superintendent of Inam Settlements.

READ THE FOLLOWING PAPER:—

Letter No. 881, dated 22nd February 1887, from the Deputy Commissioner, Bangalore, submitting report on the petition from Harigulla of Kolar grama, Chosepet Taluk, and recommending that as the Survey Nos. 49 and 50 in the said village contain a large number of date trees, these numbers be resumed by Government and that the holders thereof be given some small compensation.

CAMP No. 1742, dated MYSORE, 7TH MARCH 1887.

ORDER.—There have been distinct and repeated rulings of the late Chief Commissioner against granting lands with date groves on them for cultivation. The grant of these lands, therefore, was illegal and the Deputy Commissioner is requested to resume them. No compensation under the circumstances is due.

Vernacular proceedings are returned.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Bangalore.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue), dated 9th March 1887.*

READ THE FOLLOWING PAPER —

Letter No. 297, dated 14th September 1886, from the Deputy Commissioner of Kadar, submitting for information copies of Koppa Annikar's report and his order thereon, regarding the levy of stamp duty on the new coffee title-deeds.

CAMP No. 1781, DATED MYSORE, 9TH MARCH 1887.

ORDER THEREON.—In cases in which there has been no sale and therefore the actual price of land for which title is granted is not ascertainable, the Deputy Commissioner proposes to estimate the price for purposes of stamp revenue at Rs. 2 per acre, accepting as a guide Chief Commissioner's Proceedings No. 378, dated 18th March 1878. The Deputy Commissioner's proposal is approved.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Kadar District.

READ THE FOLLOWING PAPER :—

Letter from Inspector General of Forests in Mysore No 296—14, dated 11th June 1886, recommending that "Bili" and "Kari Matti" recently added to the list of reserved trees be entered in future pattas granted for coffee cultivation, and that those trees as well as Jack and Karachi, when felled and utilized for other than *bond fide* use, be declared liable to seigniorage duty in the case of future pattas.

CAMP No. 1800, DATED MYSORE, 10TH MARCH 1887.

ORDER THEREON.—The Dewan is of opinion that any amendment of the Notification No. 242, dated 24th March 1885, is undesirable and that, as future grants will include all Government timber rights except in sandal, the proposed alterations will in practice be unnecessary.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Forests in Mysore.

READ THE FOLLOWING PAPER :—

Letter No. 222—8, dated 22nd May 1886, from the Inspector General of Forests, asking for orders as to the extent of the application of the words "*Bond fide* private use" in Coffee Title-deeds.

CAMP No. 1805—7, DATED, CAMP MYSORE, 10th MARCH 1887.

ORDER.—The Dewan is of opinion that coffee planters have a full and unqualified right to all unreserved timber and bamboos growing on their estates. If it is desirable to frame any rules to regulate the removal of such timber or bamboos from their estates or to require them to affix some mark so as to distinguish the produce of their estates from that of Government jungles, the Inspector General will be so good as to submit a draft of the rules required, quoting the law under which the Government is empowered to frame them.

2. In the case of reserved trees other than sandal, coffee land-holders are entitled to use them free of charge for their own "*Bond fide* use." These words should be construed in their ordinary sense and not be taken to mean use on the estate only. The words "on the estate" existed in the original draft, but were finally intentionally omitted, so that the planter is at liberty to remove reserved timber from the estate, to build a house on another estate or anywhere else. It is however desirable that all such removal should be under a free pass granted by the Deputy Commissioner or Forest Officer; and any rules on the subject which may be framed under the Forest Law in force will be duly sanctioned.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Forests.
The Deputy Commissioners of Hassan and Kadar Districts.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

READ THE FOLLOWING PAPER —

Letter No. 171, dated 7th January 1887, from Deputy Commissioner, Kadur, forwarding certain correspondence on the subject of exemption of house-tax in favor of a cooly in Mr. Allardice's estate.

CAMP No. 1813. DATED MYSORE, 10TH MARCH 1887.

ORDER THEREON.—The principle on which the Deputy Commissioner has charged the Cooly Chowdi house-tax is quite fair.

She is not a ryot holding land, nor is she a shikwidar. Living in a Government village, she is bound to pay the Mohatarfa tax.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Kadur District

READ THE FOLLOWING PAPER :—

Letter No. 603 of the 14th February, 1886 from the Deputy Commissioner of Kadur District, regarding cooly huts in coffee estates being taxed with mohatarfa.

CAMP No. 1818—25, DATED, CAMP MYSORE, 10th MARCH 1887.

ORDER THEREON.—Cooly huts situated in coffee estates must not be taxed mohatarfa, whether such estates belong to European or to Native planters. Such huts are exempt from tax like those of the regular farm-laborers or "Jitalus." No exemption can be claimed in respect of huts situated outside estates.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Kadur and Hassan.
The Deputy Commissioners of other Districts for information

READ THE FOLLOWING PAPER :—

Letter, dated 13th May 1886, from the Honorary Secretary, North Mysore Planters' Association.

CAMP No. 1828—32. DATED CAMP MYSORE, 10TH MARCH 1887.

ORDER.—Adverting to the resolution of the North Mysore Planters' Association expressing their desire that title-deeds issued in accordance with Notification No. 242, dated 24th March 1885, in the case of lands held on the old patta should be upon stamped paper, the Dewan observes that there is no objection whatever to title-deeds above referred to being issued upon any stamp which the grantee wishes to pay. The Orders No. 7001—153, dated 24th March 1885, were conceived in the interest of the grantees and could not possibly affect in any way the legality or negotiability of title-deeds issued, on the authority of those orders on unstamped paper.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

The Dewan being still of opinion that no stamp duty is actually required under the Stamp law in force, refrains from *prescribing* one, but, in the case of title-deeds which may already have been issued without stamp on the authority of the orders above quoted, the Superintendent of Stamps, Bangalore, will be directed to stamp them upon the payment to him of a minimum stamp duty of Rs. 5.

2. In the case of title-deeds for old patta land to be issued hereafter, the Superintendent of Revenue Survey will be at liberty to issue them on a stamp of not less than Rs. 5 if the grantees prefer to have them on stamp.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent, Revenue Survey.
The Deputy Commissioners of Hassan and Kolar Districts.
The Honorary Secretary, North Planters' Association.
The Superintendent of Stamps.

READ THE FOLLOWING PAPER :—

Letter No. 523—99, dated 14th June 1886, from the Deputy Commissioner of Hassan soliciting instructions whether lands situated in the villages under Government management for arrears of jodi may if applied for, be given out for coffee cultivation on permanent tenure.

CAMP No. 1833—4, DATED MYSORE, 10TH MARCH 1887.

ORDER THEREON.—In inam villages which have been taken under Government management under the rules of November 1883, Notification No. 271, the Dewan would not permit grants of land for coffee cultivation either on permanent tenure or the 30 years' tenure, within the first 12 years within which, under Rule VII, the inamdars have the right of resuming the possession of the villages by payment of arrears of quit-rent, jodi, &c.

2. After the completion of the 12th year, the villages ceasing to be alienated estates, the Deputy Commissioner might dispose of lands for coffee cultivation under the coffee rules. If, however, the inamdars consent in writing to the introduction of the coffee tenure either on the permanent or the 30 years' settlement, effect can be given to their wishes before the expiry of the 12th year.

3. At the introduction of the Survey settlement, the ryots of these villages will have the usual Survey guarantee. *Vide* provisions in the Draft Revenue Code.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Hassan District, returning enclosures.
The Survey Superintendent.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

READ THE FOLLOWING PAPERS:—

From the Deputy Commissioner, Kadur District, To the Chief Secretary to the Dewan of Mysore, No. 55. Camp Kallhatti, 23rd April 1886.

I have the honor to bring to your notice that I have recently received dark-hasts for several large tracts of jungles for coffee cultivation. Mr. Chase has applied for acres 715; Mr. Strickland for acres 496; Mr. Brown for acres 823; one Mallappaia on behalf of, I understand, Mr. Raikes for acres 730; (these are situated on the Bhadra river near Balehonnur) and a Mr. Narasimhachar for acres 879 in the Jagarvalley.

2. Under para 9 of Notification No. 212, dated 24th March 1885, Government unoccupied lands are to be granted subject to the following concessions as regards the Government assessment:—

- | | | |
|----|-----------------------------|------------------|
| a. | For the first 3 years | Free. |
| | For the next 2 years | Half assessment. |
| | From and after the 6th year | Full assessment. |
- b. The grant will ordinarily be made only to the purchaser at a public sale subject to an upset price which shall include survey expenses and the value of the timber of the reserved trees specified in clauses 5 and 6 except sandal. In special cases, however, the sale may be subject to reservation of the Government right to the aforesaid trees and where such reservation is made by Government, the rules in the said clauses 5 and 6 shall apply to the use and disposal of such trees.

3. As regards the 1st clause of the above it seems to me to be undesirable to give out such large tracts of lands as those now applied for free for three years, at all events without some substantial guarantee that they are taken up *bonâ fide* for coffee cultivation and not merely for speculative purposes. Very few persons are in a position to open out with coffee such large estates as the areas now applied for would form.

4. A great deal of the jungle about Balehonnur used to be "Kumri." This sort of cultivation is now forbidden, but under the new title-deeds there is nothing to prevent any one applying for a large tract of jungle, obtaining it and instead of planting coffee turning it to "Kumri." He might do this for there is no rule to prevent it for the 3 years he has the jungle free, make a large profit, destroy the jungle and then throw it up before having to pay any kadayam at all. There would be no difficulty in doing this as "Kumri" is a sort of cultivation much liked by the ryots in the Malnad who grumble a great deal even now at its prohibition and would willingly pay large sums to the owner of any jungle who might allow it.

5. I do not mean that any of the gentlemen who have now applied for these lands intend to "Kumri," but I do think that such large areas as those now applied for are generally taken up with the view of opening out only a small portion and selling the rest before the full assessment comes into force, in the meanwhile making whatever can be made out of the timber.

6. I am of opinion that the lands now applied for should be divided up into blocks of a hundred to a hundred and fifty perhaps two hundred acres and that a guarantee should be insisted on, that such blocks when purchased should be brought into coffee cultivation within the "Alvai" time. This will prevent land jobbing and any large amount of speculation in timber to the detriment of forest revenue.

7. Of course a person might darkhast for and purchase two or three such blocks, but in that case power might be given to the Deputy Commissioner not to confirm such a sale unless the purchaser could satisfy him that he had the means and intention of cultivating so large an area within the "Alvai" time.

8. I may state here that the first two jungles were put up for sale, subject to my confirmation about three weeks ago. The prices obtained were only Rs. 20 and 25

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

respectively, barely 6 pies an acre. As by mistake the upset price required by the clause quoted in the beginning of this letter had not been fixed, I refused to confirm the sale.

9. I went through a considerable portion of the jungles darkhasted for at Balehonnur and found that it would be exceedingly difficult to value the timber so as to fix the upset price required by para 9 in the large areas applied for. It would, of course, be easier if my suggestion of selling the jungles in blocks of 150 acres, is adopted. But even then I believe it would be to the advantage of Government to fix an upset price of, say, Rs. 2 an acre on all lands to be sold, reserving the Government rights to the trees specified in clause 6 of the title-deed; but I have written to the Inspector General of Forests to ascertain his views on this matter.

10. If the above suggestions are approved of by Government, I request that the Survey Department may be directed to break up these jungles at an early date into small estates of 100 to 200 acres, so that I may dispose of the darkhasts now pending without further delay.

From the Survey Superintendent, To the Deputy Commissioner, Kadur District,
No. 101, Chikmagalur, 10th May 1886.

I have the honor to acknowledge the receipt of your letter No. 230 of the 23rd ultimo, forwarding copy of your letter No. 55 of the same date to the Chief Secretary to the Dewan on the subject of certain Darkhasts lately received for large tracts of jungle near Balehonnur, for coffee cultivation.

2. The upset price which may have to be fixed under clause 9th (b) of Notification No. 242 of the 24th March 1885 includes, as you observe, survey expenses. I think that in case of the Survey No. being less than 200 acres a rate of 8 annas per acre should be fixed up to a maximum of Rs. 50; it is almost as expensive to survey 100 acres as 200 acres. Where the jungle is over 200 acres 4 annas per acre should be the rate at which the survey charges should be calculated, whatever the area may be.

3. Regarding the particular darkhasts in question, I quite agree with you in thinking that the greatest caution should be exerted in guarding against large tracts of jungle being given out without any guarantee that they are taken up for *bona fide* coffee cultivation. I do not believe that the large tracts mentioned by you as applied for could be brought under cultivation in a satisfactory manner for a great number of years and I think it very advisable that, as suggested by you, the land should be taken up in blocks of reasonable size. Before having these blocks surveyed, however, I think the preliminaries should be arranged, as there would be no use carrying out a survey and then finding that the applicant would not agree to the upset price fixed. The tract applied for should be roughly marked out and if the applicant agrees to pay the upset price fixed the block should be surveyed.

From the Honorary Secretary, North Mysore Planters' Association,
To the Chief Secretary to the Dewan of Mysore, dated 13th May 1886.

I have the honor to enclose you copy of a letter written by the Deputy Commissioner, Kadur District, to Mr. C. H. Brown relative to the terms on which he proposes to grant land put up at a public auction, also copy of Mr. Brown's letter to the Association. The case was laid before the annual meeting of this Association on the 3rd instant last when the following resolution was passed. "That this Association views with surprise the proposals of the Deputy Commissioner with regard to the lands applied for by Messrs. Brown, Strickland and others, and that the Honorary Secretary

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue).—date 10th March 1887.*

"do at once communicate with the Mysore Government protesting against any departure from the rules laid down by the Dewan in his Proceedings, dated 14th March 1885. These Proceedings forming the basis on which the title-deeds were accepted, this Association would view any proposed alterations, as a distinct breach of faith on the part of the Government of His Highness the Maharaja." The rule referred to is contained in paragraph 9 and reads as follows: "Government unoccupied lands, which may hereafter be applied for on the terms of the aforesaid settlement, will be granted subject to the following concessions as regards the Government assessment:—

For the first 3 years free.

For the next 2 years half assessment.

From and after the sixth year full assessment.

Mr. Meiklejohn's attempt to make this concession of assessment, dependent upon 1/3rd of the land being brought under cultivation each year, seems to us most unwarrantable as is also his order that, in the event of the land being resigned within 5 years, full kandyam from the first year of its being taken up will be leviable.

From the Inspector General of Forests and Plantations, To the Chief Secretary to
the Dewan of Mysore, No. 176—5, Bangalore, 19th May 1886.

With reference to the Kadir Deputy Commissioner's No. 55—685, dated 23rd ultimo, copy sent to me by that officer with his No. 229 of 23rd idem, I have the honor to state that in my opinion the areas applied for are far too large and should be restricted to blocks of 100 to 150 and 200 acres only. Mr. Meiklejohn's observations or fears regarding Kurni bear confirmation from what I have only recently seen on the Shevarays, where much land has been given out, in my opinion most wastefully and unwisely on Kurni cultivation, the slight benefit to the coffee proprietor being that he is relieved of the assessment for one year and also given a certain amount of straw or grain.

2. The best guarantee for *bonâ fide* coffee cultivation is to fix a fair upset price, to include survey expenses and the value of the timber of the reserved trees, except sandal. In no case would I reserve the right of Government to such trees, save sandal. I am not sure whether the reservation even of sandalwood is of much practical use in the case of coffee plantations. If in any block or blocks of 100 to 200 acres there were numerous sandal trees, such blocks should not be sold at all, or at least not until all the matured sandal had been cut and removed.

3. Reserving the right of Government to the timber of the reserved trees is calculated to lead to difficulties and complications. A coffee planter might construct a saw-mill on the river and begin to saw up timber of reserved trees. It would be a delicate and unpleasant task to enter on the estate to ascertain how many trees had been cut down and whether the sawn timber was for the *bonâ fide* use of the planter. On the other hand if the planter has paid for the reserved wood, except sandal, it would be a public benefit, at least he would be welcome to set up his saw mill and utilize the timber.

4. The value of the reserved timber to be added on to the upset price of any particular block should be fixed by the Forest officer in consultation with the Deputy Commissioner. If such value in any particular case amounted in fact to a prohibitive upset price then it would prove that the block in question had much reserved timber on it in accessible localities and therefore had better remain as a Government forest or property.

5. In the generality of cases such valuation of the reserved timber, having regard to accessibility, save sandal, would not amount to a prohibitive figure, and if an intending purchaser was not prepared to take the land at the upset price,

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

or perhaps a little over it in cases of competition, it would look as if the intending purchaser had not sufficient means, or was intent on speculation, or land jobbing.

6. Having to pay for the land say at 2 rupees an acre and reserved trees at a fair valuation would seem to be the best guarantee of *bona fides* as regards intention to cultivate and no other stipulation seems necessary or desirable.

From the Deputy Commissioner, Hassan District, To the Chief Secretary to the
Dewan of Mysore, No. 1962—418, dated Hassan, 11th November 1886.

Complaints have been often received on points connected with the disposal of darkhasts for lands for coffee culture. "The notice was too short," "The sale was not sufficiently published or I should have been present at sale," "The land was not sufficiently well described or I should have offered more for it," "The price put on this land is too high," "The price put on that other land was much more favorable to that applicant" are some varieties of the complaints. The Planters' Association have asked that intimation of all sales of land for coffee should be given to every planter. Government also loses some revenue by the present haphazard way of disposing of darkhasts' revenue which must otherwise accrue as the fair market price of jungle. I propose therefore to adopt the procedure indicated in the annexed memo of instructions, which I submit with a view to eliciting from you any corrections which may be deemed necessary. The minimum price for land (*viz*: Rs. 5 an acre for small blocks and Rs. 10 an acre for large blocks) seems the only point on which a difference of opinion is probable. But this rate is adopted as being a well understood rate in existence for a long time before the system of assessing coffee lands by an acreage rate came into force. It also does not appear to be a burden to the dharkhastdar who should be a capitalist, or disproportionate to the time and work entailed by the local inspection, inquiry, and possibly resurvey. If however the Dewan considers the price too high, it can of course be reduced. But it is necessary to fix a minimum because any variations which may be locally made, however conscientiously, are open to the imputation, that they are invidious. The declaration of a minimum rate has also one advantage. It affords a standard for the penalty to be levied in those cases of encroachments on Government land in which it is possible for the planter to plead that he was ignorant of the encroachment, which was the work of his coolies or local mutsaddi.

Memo by the Deputy Commissioner, Hassan District.

1. Applications for land for coffee culture shall be made generally to the Amildar in the first instance setting forth the survey number and area as per survey accounts of the land required and the village and hobli in which it is situated.

2. After such local inquiry as may be necessary to ascertain that the lands may be given out without prejudice to the interests of the village community or Forest Department, the terms upon which the land may be granted, *i. e.*, the number of years for freedom from assessment and for half assessment, shall be settled in communication with the applicant and under the sanction of the Deputy Commissioner.

3 Thereupon the land shall be put to sale by public auction at an upset price of not less than Rs. 5 an acre for small blocks (10 acres and less) and Rs. 10 an acre for large blocks (more than 10 acres) $\frac{1}{4}$ th of which the applicant shall be required to deposit as a condition precedent to sale. Due notice of sale shall be published locally for small blocks and in the Gazette for large blocks.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

From the Superintendent, Revenue Survey, To the Chief Secretary to the Dewan of Mysore, No. 849, dated Bangalore, 22nd December 1886.

I have the honor to offer the following opinion upon the memo of instructions proposed to be issued by the Deputy Commissioner, Hassan District, copy of which was received with your No. 6219—102, dated the 15th instant.

2. Under clause 9th of Notification No. 242, dated 24th March 1885, Government has laid down, after defining the terms on which Government unoccupied lands which may hereafter be applied for, that they will ordinarily be granted only to the purchaser at a public sale subject to an upset price which shall include survey expenses and the value of the timber of the reserved trees. But in special cases, the same clause goes on, the sale may be made subject to the reservation of the Government right to the reserved trees. The Deputy Commissioner of Kadur addressed me in his letter No. 230 of the 23rd April last on the subject of the rate at which survey expenses should be calculated and in my letter No. 101 of the 10th May last I informed him in reply that when the jungle applied for was less than 200 acres a charge of 8 annas per acre up to a maximum of Rs. 50 would suffice; if the jungle was over 200 acres a charge of 1 annas an acre would suffice. These rates were suggested on the fact that it is almost as expensive to survey 100 acres as 200 acres.

3. It seems to me that the upset price alluded to in clause 9 of Notification No. 242 of 24th March 1885 would in almost every instance be exclusive of the value of the timber. I do not think that any one would be found to take up new land paying the full value of the timber. The question then remains is Rs. 5 per acre for small blocks and Rs. 10 per acre for large blocks, too high an upset price; and next the question occurs why should there be two different rates. I do not myself see any necessity for two different rates and would recommend Rs. 5 as quite sufficient; it would of course include survey expenses and there would be no need of fixing a separate rate for the latter as suggested by me to the Deputy Commissioner in my letter above quoted.

4. I attach copies of the correspondence between the Deputy Commissioner of Kadur and myself alluded to at para 2, as being interesting and bearing on the question at issue. The Deputy Commissioner of Kadur at para 9 of his letter to your address No. 55 of the 23rd April last, it will be observed, suggests Rs. 2 per acre as a fair upset price to be adopted for all lands applied for, reserving the Government rights to the reserved trees. It is quite certain, as evidenced by the case noted by the Deputy Commissioner at para 8, that an upset price must be fixed and, considering the liberal terms granted under clause 9 of the Notification for lands newly taken up, it is only reasonable that Government should have some guarantee that the land is taken up with the "*bonâ fide*" intention of cultivating it, and towards this end the adoption of a fair upset price like Rs. 5 per acre will certainly in some measure tend; it will moreover act as a deterrent to the taking up of land over and above actual requirement, and there will be no necessity for laying down, as suggested by the Deputy Commissioner at para 6, that the land should be divided into blocks of convenient size.

5. Under the above view the memo of instructions proposed by the Deputy Commissioner of Hassan should run somewhat as noted in the Draft attached marked **A**.

6. The Deputy Commissioner of Hassan, I must observe, appears to me to take a wrong view of the object and use of an upset price in suggesting, in the closing lines of his letter, that it would serve as a standard for the penalty to be levied in cases of encroachment, &c. To be in accordance with the Land Revenue Act the assessment must be the basis of calculation in such cases.

7. I would suggest that the opinion of the Deputy Commissioner of Kadur should be taken before any final instructions, especially as regards the upset price to be fixed, are issued. It is probable that he may have some good reasons for wishing to fix the upset price at a lower figure than I have done.

Memo by the Superintendent, Revenue Survey.

Applications for land for coffee cultivation shall be made to the Amildar in the first instance setting forth the area required, the survey number, village and hobli in which the land is situated.

2. The land applied for must be inspected by a higher Revenue officer and enquiry instituted as to whether the land can be given out for cultivation without prejudice to the interests and the rights of the village community and the Forest Department.

3. When it has been ascertained that there is no objection to the land being given out for cultivation, full notice of the intended sale should be given and the land put up to sale by public auction at an upset price of not less than Rs. 5 per acre, which shall include survey expenses, the right of Government to the reserved trees being reserved and being disposable under clauses 5 and 6 of Notification No. 242, dated the 24th March 1885.

4. Intimation of all such applications disposed of to be intimated to the Survey Department with full particulars as to area and assessment fixed.

From the Deputy Commissioner, Kadur District, To the Chief Secretary to the Dewan of Mysore, No. 451—3, dated Camp Mailimane, 23rd December 1886.

With reference to letter No. 1982—418, dated the 11th ultimo, from the Hassan

- 1 To Inspector General of Forests No. 229, dated 2nd April 1886.
- 2 From Do 177—12, dated 19th May 1886, with copy of its enclosure.
- 3 To Survey Superintendent No. 230, dated 23rd April 1886.
- 4 From Do No. 101, dated 10th May 1886.
- 5 To Secretary No. 55, dated 23rd April 1886.

Deputy Commissioner and your Docket No. 6220—166, dated the 15th instant, requesting me to report if I find any difficulties such as are mentioned by the Deputy Commissioner of Hassan in the disposal of applications for coffee jungles, I have

the honor to state that as the copies of correspondence with the Inspector General of Forests and the Survey Superintendent, herewith attached, show, I have found difficulty in fixing an upset price for coffee jungles.

2. The well considered rules laid down by Mr. Ananda Rao are on the whole suitable, but as regards Rule II Government has already laid down in the 9th para of Notification No. 242, dated the 24th March 1885, the concessions which are to be granted as regards the Government assessment and as regards Rule III, I do not think that an arbitrary upset price can be fixed for the whole Coffee District and I would make no distinction between large and small blocks. The rate proposed by Mr. Ananda Rao however suitable to Manjarabad and a great portion of Chikmagalur and Mudgere where coffee has been long introduced and jungle has therefore a recognized value, would be too high for jungles in the Koppa Taluk or the Jagar Valley or in the Valley of the Bladra.

3. The Inspector General of Forests has directed that in estimating the value of timber in the blocks, regard to locality, accessibility and demand should be considered. I should for the reasons laid down in the Inspector General's letter to the Chief Secretary No. 176—5, dated the 19th May last, include the value of the reserved timber in the upset price (excluding of course sandal) and I would fix the upset price as follows for the different Taluks of this District:—

- I. Jungles in Chikmagalur Taluk (except in the Khandya and Jagar Maganis) and in the Mudgere Taluk [except Kalasa, (Mavinkere) Samsó and the Valley of the Bladra] Rs. 10 an acre.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

II. Jungles in the Tarikere and Kadur Taluks—upset price Rs. 10 at least an acre.

III. Jungles in the Khandya, Jagar Valley and Kadgalmad Maganis of the Chikmagalur Taluk and jungles in the Kalasa Magani of the Mudgere Taluk and along the Valley of the Bhadra in the Koppa Taluk and in the Yedahalli Sub-Taluk to be Rs. 5 an acre.

4. As a rule I think the Deputy Commissioner or an Assistant Commissioner should inspect every jungle of over 200 acres before it is given out so as to enable them to pass a decision as to whether it should be reserved for the village or for the Forest Department or given out.

5. In exceptional cases when the individual applying for land may be unable to pay the upset price in a lump sum, it might be left to the Deputy Commissioner to allow the land to be taken up at one rupee an acre, full kadayam to be paid from date of grant of land instead of the three years free and two years on half rates.

6. In conclusion I would beg to state that these proposals are certain to be regarded with intense disfavor by the planting community who appear to think Rs. 2 an acre would be a fair upset price and anything else prohibitory.

CAMP No. 1860—71, DATED MYSORE, 10TH MARCH 1887.

ORDER THEREON.—The correspondence read above discusses the rules to be framed by Government in regard to the grant of Government unoccupied lands for coffee cultivation in the Kadur and Hassan Districts.

2. Para 9 of Notification No. 242, dated the 24th March 1885, lays down the following rules on the subject :—

(a). "Government unoccupied lands, which may hereafter be applied for on the terms of the aforesaid settlement, will be granted subject to the following concessions as regards the Government assessment :—

For the first 3 years	Free.
For the next 2 years	Half Assessment.
From and after the sixth year	Full Assessment."

(b). "The grant will ordinarily be made only to the purchaser at a public sale subject to an upset price which shall include survey expenses and the value of the timber of the reserved trees specified in clauses 5 and 6 above, except sandal. In special cases, however, the sale may be subject to reservation of the Government right to the aforesaid trees, and where such reservation is made by the Government, the rules in the said clauses 5 and 6 shall apply to the use and disposal of such trees."

3. Whether the upset price to be fixed under the above rule (b) should generally include the value of the timber of reserved trees specified in clauses 5 and 6 of the notification quoted above, is a question upon which much difference of opinion prevails. The Deputy Commissioner of Kadur proposed in the first instance a uniform upset price of Rs. 2 per acre, exclusive of value of timber, which, he was of opinion, should be reserved to Government. The Inspector General of Forests strongly deprecates the reservation of Government timber rights except in sandal in the case of future grants, and he is of opinion that the upset price fixed should include a fair valuation of all reserved trees except sandal, such valuation being made in each case by the Forest officer in consultation with the Deputy Commissioner, with

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

reference to the accessibility of the locality, market value, quality of timber, &c. Mr. Meiklejohn, after consideration of the Inspector General's opinion, considers it advisable that the upset price should include Government timber rights, but proposes that, instead of a valuation of timber rights in each individual case, a uniform rate of upset price may be fixed for different localities so as to include Government rights to timber, and he recommends, for certain parts of his District, an upset price of rupees five per acre and for other parts of rupees ten per acre. The Deputy Commissioner of Hassan is also of opinion that Government timber rights should be included in the upset price, and he proposes a fixed rate of Rs. 10 for all blocks above 10 acres and of Rs. 5 for all blocks below that area. The Superintendent of Revenue Survey apprehends that to include the full value of timber in the upset price might work in a prohibitive way, and proposes therefore a uniform rate of Rs. 5 per acre, reserving all Government timber rights for disposal under clauses 5 and 6 of the notification above quoted.

4. The Dewan has given these varied opinions his most attentive consideration, and has arrived at the conclusion that, in future grants, all Government timber rights except in sandal should be conveyed to the grantees, and that, with this end in view, the upset price fixed should include a fair valuation of the right of the Government to all reserved trees except sandal. At the same time, however, he is of opinion that an attempt to make a valuation in each individual case would involve a large amount of labor and lead to much unnecessary discussion. Under such circumstances, the Government decide to prescribe the rates of upset price recommended by the Deputy Commissioners of Kadur and Hassan, so as to include both survey expenses and Government timber rights except in sandal. It will be noted that this was the arrangement contemplated in para 9 of the Notification No. 242, dated 24th March 1885.

5. Blocks of land considered to be of special value, present or prospective, by reason of much reserved timber of good quality standing on it, must of course never be granted for coffee cultivation, but should always be reserved to Government and conserved and worked by the Forest Department. Towards this end, no block should be advertised for sale without the Deputy Commissioner satisfying himself that the land is one which may be granted for coffee cultivation without prejudice to the Forest interests of the Government, obtaining in all doubtful cases the opinion of the Forest Department.

6. Another question which has come under discussion relates to the advisability of framing some rules so as to prevent the possible abuse of the liberal concession granted under clause 9 of the notification above referred to, allowing lands newly taken up to be held free of assessment for the first 3 years and on half assessment for the next 2 years. It is only reasonable that Government should have some guarantee that the land is taken up with the *bona fide* intention of cultivating it and not for purposes of speculation in timber or for Kumri. Such large areas as 700 and 800 acres, applications for which have been rightly refused by the Kadur Deputy Commissioner, cannot ordinarily be required for *bona fide* cultivation. It is desirable to fix the maximum area of each block to be granted at 200 acres, so as fully to meet the demands of *bona fide* cultivation in all ordinary cases. There would however be no objection to an individual taking up a block of larger area, when the Deputy Commissioner is satisfied of the likelihood of the applicant being able to bring the whole of it under cultivation within a reasonable time. The concession of favorable assessment in the case of coffee planters, as in that of ordinary cultivators, must be subject to the condition of liability to full assessment if the object for which the concession is granted be unfulfilled. There is therefore nothing unreasonable in Mr. Meiklejohn's demand that the applicant should bind himself to pay the full assessment from the 1st year in the event of his resigning the land before 5 years. In the opinion of the Dewan, such a condition, though not exactly in the same words, is absolutely required to encourage *bona fide* cultivation.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue).— dated 10th March 1887.*

7. For the foregoing reasons, the following rules are sanctioned regarding the grant of unoccupied lands under the Notification No. 212, dated 24th March 1885:—

- I. Applications for land for coffee cultivation shall be made to the Amildar in the first instance, setting forth the area required, the Survey No., village and hobli in which the land is situated
- II. The land applied for, when more than 50 acres in extent, must be inspected by a higher Revenue Officer, and when situated in a valuable timber tract, by the Forest Officer.
- III. In all cases due enquiry should be instituted as to whether the land can be given out for cultivation without prejudice to the interests and rights of neighbouring village communities and of the Forest Department.
- IV. Ordinarily, no application will be entertained for an area larger than 200 acres, but in special cases in which the Deputy Commissioner is satisfied of the applicant's ability to bring under cultivation a larger area within a reasonable time, an application may be entertained for such area as the Deputy Commissioner may consider reasonable.
- V. No land containing numerous valuable timber trees which it is desirable that the Government should in the Forest Department conserve and work, shall ever be granted for coffee cultivation.
- VI. When it has been ascertained that there is no objection to the grant of the land applied for, it shall be duly demarcated and shall be sold by public auction subject to an upset price fixed as hereunder:—

Rs. 10 per acre ...	{	1. Throughout the Hassan District. 2. In the Tarikere and Kadur Taluks of the Kadur District. 3. In the Chikmagalur Taluk except in the Maganis of Khandya and Jagar. 4. In the Mudgere Taluk except in the Maganis of Kalasa (Mavinkere) and Samsé and in the Valley of the Bhadra.
Rs. 5 per acre ...	{	1. In the Chikmagalur Taluk, Khandya and Jagar Maganis. 2. In the Mudgere Taluk, Kalasa (Mavinkere) and Samsé Maganis and along the Valley of the Bhadra. 3. In the Koppa Taluk, including the Yedahalli Sub-Division.
- VII. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees except sandal, which will always be reserved absolutely to the Government.
- VIII. Before the land is advertised for sale, the applicant shall deposit with the Deputy Commissioner one fourth of the upset price fixed as above.
- IX. Full notice of every intended sale should be published in the neighbouring villages and all sales of blocks of greater extent than 50 acres shall be advertised in the official Gazette.
- X. The sale shall be by public auction under the usual conditions, and the land shall be knocked down to the highest bidder above the upset price fixed. The deposit of one-fourth of the upset price made by the applicant shall, if the land be knocked down to him at the auction, be credited towards his deposit or 25 per cent of the purchase money, and it shall be refunded to him if the land is purchased by any other person in the auction.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 10th March 1887.*

- XI. The land sold under the above rules shall be held free of assessment for the first 3 years and on half assessment for the next 2 years, the full assessment being payable from and after the 6th year. But before this concession is granted, the purchaser must bind himself in writing to pay the full assessment from the 1st year in the event of his resigning the land, after cutting down the timber on it or otherwise clearing any portion of it but without having made any *bonâ fide* attempt to bring under cultivation the arable area included in it.

The petition of the Shanbhog Gumasta, the hakdar being a minor, protesting against the sale of the service inam, was forwarded to the Deputy Commissioner in September 1884 for early report, and a second petition of March 1886 addressed to the Resident by the Gumasta was also forwarded in continuation of the former petition.

3. The report now (12th February 1887) submitted by the Deputy Commissioner after an inexcusable delay of nearly 2½ years establishes the allegations in the petitions, namely, that the lands form an excluded minor inam of the Shanbhog office, that the Court sold them in satisfaction of its decree, and that such sale was opposed to para 3 of General Circular No. 5 of 1872—73, which declared such inams “not liable to attachments or other process in satisfaction of Civil decrees.” The sale having taken place, the Dewan now directs that the inam tenure of the lands in question be cancelled and the lands be fully assessed to the Government land revenue, such assessments being levied by the J. didar of Karadagur, and paid by him to the officiator Shanbhog towards his remuneration.

READ THE FOLLOWING PAPER :—

From the Deputy Commissioner, Kolar District,, To the Chief Secretary to the
Dewan of Mysore, No. 1746—633, dated 2nd March 1887.

I have the honor to state that the Amildar of Sidlaghatta brings to notice that the jodidars and kayamguttadars in his taluk have not kept Khate and Khirdi accounts for their villages, and that consequently no correct information can be obtained from them or their Shanbhogs as to the payments made by them to Government from time to time and the balances outstanding against the villages. This complaint is more or less general throughout the District, the inamdars having failed to maintain the prescribed accounts notwithstanding they have been repeatedly warned in the matter.

2. I therefore solicit instructions as to whether, in anticipation of the introduction of the Revenue Regulation, the obligation imposed on the holders of alienated villages by Section 17 of the same in regard to the accounts, &c., to be kept and furnished by them can be enforced.

CAMP No. 1963—71, MYSORE, DATED 15TH MARCH 1887.

ORDER.—The above letter relates to the enforcement of the obligation of holders of inam villages to keep the revenue accounts of their villages. The reference made by the Deputy Commissioner to Section 17 of the Draft Mysore Land Revenue Code which has not yet been passed into law serves no useful purpose. Under

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 15th March 1887.*

para 3 of the late Commissioner's Notification, dated 25th October 1843, published at page 58 of the Mysore Revenue Manual, 1886, holders of inam villages and their Shanbhogs are bound to keep regular and correct accounts of the annual cultivation and assessment of their villages. The attention of all inamdars will be drawn to this order by a notification in the Gazette, and it will be pointed out to them that among the accounts which they are bound to keep, the Government attach very great importance to the Khirdi and Khaté accounts which must be correctly kept in accordance with Revenue Survey Forms No. 2 and 3 for Government villages. Deputy Commissioners of Districts will be requested to make known to all inamdars their liability in this matter.

The following notification will be published in the Gazette.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Kolar District.
The Deputy Commissioners of other Districts.
The Superintendent, Revenue Survey and Settlement, for information.

NOTIFICATION.

CAMP No. 1959, DATED 15TH MARCH 1887.

Instances having been brought to notice of the failure of holders of inam villages to keep regular revenue accounts of their villages, the Dewan directs that the attention of holders of inam villages be drawn to para 3 of the late (Chief) Commissioner's Notification of the 25th October 1843, by which they and their Shanbhogs are bound to keep regular and correct accounts of the annual cultivation and assessment of their villages. The Government attach very great importance to this obligation, and all Revenue Officers are directed to enforce it.

2. The Khirdi and Khaté in Revenue Survey Forms Nos. 2 and 3 prescribed for Government villages are most important and every inamdar of a whole village must keep them regularly; any neglect on his part in this respect will make it necessary for the Government to cause them to be prepared at his cost.

R. VIJAYINDRA RAO,
Chief Secretary.

on the subject of imm lands bel nging to the Ata-ullasha Darga, Bangalore, taken up for the late Model Farm.

CAMP NO. 2310—11, DATED MYSORE, 30TH MARCH 1887.

ORDER THEREON.—On further examination of the papers relating to this complicated case, it is ascertained that on account of land No. 130 of Dodda Baillkhanu acquired for the late Model Farm, the compensation fixed was as follows :—

			Rs.	A.	P.
(1)	For the land itself	..	418	0	0
(2)	For one mud house	..	24	0	0
(3)	For 2 wells	..	900	0	0
(4)	For 196 trees	..	116	14	7
(5)	For another well	..	400	0	0
Total..			1,858	14	7

21-1-87
900-00
116-14-7
1040-14-

Items (2), (3) and (4) were paid to Munisami and item (5) to Venkateganda as the cultivating ryots entitled to the same.

The justice of these payments is not now disputed by any one.

2. Item No. 1, value of the land, Rs. 418, remains unpaid owing to disputes between Garudachari, the mortgagee, and the Makandar. These disputes have not yet been settled. Garudachari claims in exchange a garden land of *equal extent* to No. 130 as imm, and undertakes to pay by way of quit-rent Rs. 16 to the Makan. This claim is most unreasonable as the Government have already paid more than three-fourths of the value of land No. 130 to the proper parties. In strict right, Garudachari is not entitled to more than Rs. 418, which was the amount of compensation formally settled and accepted by all parties; but there is some reason to believe that Rs. 418 is a low valuation as it does not represent an amount from which Garudachari and the Makan could derive annually an income of Rs. 32 which was the assessment of land No. 130.

3. Under such circumstances, the Dewan proposes to adopt either of the following settlements :—

(1) to pay Garudachari Rs. 320—being twenty times Rs. 16—his share of the assessment, and to invest an equal amount for the benefit of the Makan. Total Rs.640;

or (2) to separate from his land No. 18 in Bikasipura such portion as may represent an assessment of Rs. 32; to register such separated land as an imm in the name of the Makan but confirm it to him under the Chief Commissioner's Notification of 17th November 1877 and subject to all the incident's that land No. 130 was subject

subject to the payment of quit rent to the Alakan, under clause A, para II, of the Notification above quoted. The entire records will be forwarded to the Deputy Commissioner in view to the institution of a careful enquiry into the matter.

Forest Rules in force in South Canara.

CAMP No. 2374—82, DATED MYSORE, 31ST MARCH 1887.

ORDER THEREON.—Para 5 of Notification No. 242, dated 24th March 1885, provides for the levy of a seigniorage on reserved trees, except sandal, growing on coffee lands (charged with the full acreage assessment whether fixed in perpetuity or for 30 years), which may be felled otherwise than for the *bond fide* private purposes of the holder.

2. On the 20th June 1885, the North Mysore Planters' Association enquired whether it was the intention of Government to establish a fixed rate of seigniorage, and if so whether it could then be ascertained. At the same time they added "whilst desirous of bringing before you the great advantage and convenience that the fixing of some rate of seigniorage would confer on coffee planters, the members of this Association have requested me to say that they deprecate the sale of large tracts of jungle for merely speculative purposes as such denudation of forest would undoubtedly result in a diminished rainfall, which might injuriously affect not only the planting but the whole agricultural community; they therefore beg to suggest that some rates for seigniorage should be determined upon, but that with such restrictions as would prevent anything of this sort occurring."

The Dewan thereupon concurred in the sentiments expressed by the Association as to the necessity of imposing restrictions on indiscriminate felling, and said that if it was required to fix a *general* seigniorage rate, he was prepared to fix such rate as would afford an efficient protection against deforestation.

3. On the 19th October 1885, the Association however addressed a letter in which they called in question the right of the Government to impose *any* seigniorage rate whatsoever. The position thus taken was wholly untenable as the matter had been fully discussed and finally decided after the most mature deliberation in Proceedings No. 7004—153, dated 24th March 1885.

4. On the 20th February 1886, the Association forwarded to the Dewan a resolution passed at a meeting held on the 15th idem, suggesting the following rates of seigniorage, *viz.* :—

6 annas per bandyload for teak and blackwood; and

4 annas per bandyload for the remaining kinds of reserved trees.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 31st March 1887.*

The Deputy Commissioner of Kadur, in letter No. 16, dated 7th April 1886, reported that the rates proposed by the Association were absurdly low, and he recommended after consulting the local Forest officer the following seigniorage rates:—

For every cartload of a maximum of 25 cubic feet of	Rs.
(1) Teak	8.
and (2) Other reserved wood	6.

The Inspector General of Forests strongly supported the Deputy Commissioner's recommendation, and remarked that the seigniorage rates proposed were only $\frac{1}{4}$ ths of the duty usually levied in the Kadur District.

5. Upon enquiry it was found that the very low rates asked for by the Association were based upon what was believed by them to be in force in South Canara. Full information upon this subject therefore was obtained from the Madras Forest Department, and it is now ascertained that no such rates as 6 and 4 annas exist in any part of that Presidency. In South Canara, reserved trees are allowed to be felled by private individuals under very exceptional circumstances, and Rs. 10 is charged for each teak or blackwood tree allowed to be felled.

6. After giving the subject very careful consideration, His Highness' Government have come to the conclusion that it will be better to prescribe in the case of the lands in question a stump fee for tree felled, instead of a duty on each cartload removed. Under such a system only well grown and mature trees would be felled, and there would thus be an efficient protection against deforestation.

7. Under the foregoing circumstances, the following seigniorage rates are fixed for the several classes of reserved trees growing on coffee lands, which may be felled otherwise than for *bonâ fide* private use:—

Teak	Rs.	8	per tree felled.
Peon	..	6	do
Blackwood	..	8	do
Honne	..	3	do
Jalari	..	3	do
Nandi	..	3	do

The procedure as regards payment of the fees above prescribed will be laid down and duly published by the Inspector General of Forests.

8. In future grants of lands on grass assessment (para 6 of Notification No. 242, dated 24th March 1885), Bili matti and Kari matti will be included in the list of reserved trees.

I have the honor to submit for the information of the Dewan a copy of letter No. 3768, dated 22nd instant, addressed by me to the Agent, Madras Bank, Bangalore, relative to the deposit account opened therein by the Mysore Government as also a copy of the conditions therefor as finally revised in consultation with the Bank. I request that if the Bank of Madras submit the agreement for formal acceptance of the Dewan, it may be informed that authority has been given to the Comptroller and the Bakshi to operate on the account with retrospective effect.

From the Comptroller, Mysore, To the Agent, Madras Bank, Bangalore,
No. 3768, dated 22nd February 1887.

I have the honor to forward a copy of the stipulations between the Mysore Government and the Bank of Madras regarding the opening of a current account as finally revised and to request that if you approve of the additions made therein, you may send it on to your Head Office at Madras for final adoption and communication by the Secretary and Treasurer direct to the Dewan of Mysore.

I return the original rough draft received from you.

Stipulations between the Mysore Government and the Madras Bank regarding the current deposit account to be opened by the Maharaja's Huzur Treasury with its Branch at Bangalore.

- (1.) That the account be opened in the name of the Dewan of Mysore but that it be operated upon by the Comptroller of Mysore and the Khazana Bakshi jointly.
- (2.) That interest at the rate of 2 per cent be allowed on all balance not falling below fifty thousand and that this interest may be calculated once in 6 months.
- (3.) That the account be rendered by the Bank weekly every Monday and that it be accepted by the Comptroller on the same day.
- (4.) That 3 days' notice be given by the Comptroller of withdrawals in notes or cash in excess of Rs. 50,000. This clause does not apply to drafts on head office or bills of exchange on England, &c.
- (5.) That drafts should be available free of charge on head office to any amount for purchase of Government paper or sterling bills through the Bank of Madras ; for any other purposes drafts will be given at par when convenient and if otherwise at a rate not exceeding ½ per cent premium.
- (6.) That three months' notice be given on either side before withdrawing the account.

No. 1664, DATED 3RD MARCH 1887.

ORDER THEREON.—The revised stipulations submitted with the above letter are approved. The submission of the formal agreement by the Madras Bank for the Dewan's acceptance is awaited.

READ THE FOLLOWING PAPER :—

Letter No. 931, dated 10th March 1887, from Deputy Commissioner, Bangalore District, submitting for sanction a revised Schedule of Abkari Establishment for the whole Province.

CAMP No. 2257—8, DATED MYSORE, 28TH MARCH 1887.

ORDER THEREON.—The revised Excise establishment costing Rs. 22,984 per annum for the whole Province as per accompanying statement is sanctioned with effect from 1st April 1887.

2. As recommended by Major Macintyre, Mr. J. G. McDonnell is appointed Special Assistant to the Deputy Commissioner, Bangalore District, in the Abkari and Excise Department. His present salary is Rs. 250 and will rise to a maximum salary of Rs. 300 per mensem by the following increments :—

Rs. 25 from 1st April 1888 ;

and Rs. 25 from 1st April 1889.

3. The Assistant Supervisor and Store-keeper whose salary as now sanctioned is Rs. 60 will similarly rise to a maximum salary of Rs. 75 by two annual increments of Rs. 7½ each.

4. The allowances recommended in the accompanying statement for the various officials are also sanctioned.

5. The Deputy Commissioner recommends that Mr. McDonnell should, in addition to the monthly allowance of Rs. 60, be allowed to draw travelling allowances for all tours outside the Bangalore Distillery Head-quarters range. This proposal is reasonable as Mr. McDonnell has to maintain carriage permanently for the inspection of the Civil and Military Station and it is accordingly sanctioned, the travelling allowances being regulated by the rules applicable to Assistant Commissioners.

6. The contractors are required to contribute towards the cost of establishment at 6 pies per gallon of liquor issued. It is undesirable to fix the amount of this contribution at the same figure for every year of the contract. Whatever contribution is recovered from them in each year will go towards the reduction of the cost of salaries, allowances, and increments sanctioned in the preceding paragraphs.

7. The contribution towards establishment payable by the Civil and Military Station must be calculated in accordance with the Assistant Resident's letter No. 3229—1995, dated 4th December 1886. The account will be settled yearly, the half anna establishment cess collections on Civil and Military Station issue being credited to the Resident, and the establishment contribution payable on account of the Civil and Military Station to the Durbar.

READ THE FOLLOWING PAPERS:—

Proceedings No. 3195—182, dated 3rd August 1882, discontinuing Government grants to all Vernacular News-papers.

Petition dated 12th March 1883 from Mr. Khasim Gham, Proprietor of the Khasim-ul-Akbar, praying for continuance of Government support.

Educational Secretary's No. 2049, dated 21st September 1886.

Letter dated 19th November 1886 from Mr. Khasim Gham.

CAMP No. 2312—23, DATED MYSORE, 30TH MARCH 1887.

ORDER THEREON.—Up to 31st March 1883, Mr. Khasim Gham has been paid in full for the 100 copies of the Khasim-ul-Akbar which he supplies to Government offices. On 3rd August 1882, he was informed that the Government could not undertake to continue the payment after 1st April 1883 unless it was apparent that the paper was largely appreciated and subscribed for by the public. The payment accordingly ceased from 1st April 1883, but Mr. Khasim Gham has continued the supply of 100 copies of the paper to the Government, and he alleges in support of his action Mr. Rangachari's promise to reconsider the orders of 3rd August 1882. There is no record of any such promise. But in recognition of the fact that the undertaking is one in itself deserving of encouragement and that 100 copies have been actually supplied to Government offices in accordance with the arrangement in force up to 31st March 1883, the Dewan sanctions the continuance of the annual payment of Rs. 500 up to 31st March 1887. The paper was formerly found useful for its translation of English articles, &c. It is now much taken up with Municipal and Commissariat notices. The number of public servants who can read Hindustani is moreover limited. Under such circumstances, the number of copies which Government will subscribe from 1st April 1887 is reduced to 30, and Mr. Khasim Gham is requested to send them as follows:—

1. To Dewan's Office.
1. To Chief Court.
8. One to each Deputy Commissioner.
20. To 17 Government and 3 Aided Hindustani Schools (according to list which will be furnished by the Educational Secretary.)
- Secretary.)
30. Total Copies.

For these 30 copies the Government will pay Rs. 150 per annum. Any Government advertisements hereafter published *under express authority* of a head of Department will of course be separately paid for.

The news-papers forwarded to the officers and schools above-named will not be carried free as under the present practice which must cease from 1st April 1887.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

READ THE FOLLOWING PAPERS:—

From the Inspector General of Police, To the Chief Secretary to the Dewan of Mysore, No. 1095—112, dated Bangalore, 25th February 1886.

I have the honor to state that during my late tour of inspection, I noticed that the present strength of the Police in some places is short-handed and in all places under-officered and requires to be increased, so that the work devolving on them might be satisfactorily performed.

2. Another noticeable circumstance in connection with the above point is that all ranks of the force are generally under-paid, while the work exacted from them is certainly not on a par with their pay. On comparison the difference between a Constable and a belted peon both in point of pay and the nature of work performed by each of them becomes at once manifest, for a Constable according to the rules of the service is constantly on duty and is required to do much responsible and arduous work, while a belted peon or daily laborer gets as much if not more than a Constable of the Provincial Police with much less risk and responsibility. A little deviation in the present scale will not only make the Police service (now very inattractive) more attractive but will also secure a better and intelligent class of men.

3. I would therefore propose to have three grades of Constables, instead of two, giving the—

				Rs.
1st Grade	..	..	..	8
2nd „	..	..	..	7
3rd „	..	..	..	6

Of course the proportion in each grade will be carefully regulated.

4. Next in order comes the minor grade of officers, *viz.* Dafadars, of whom there are 3 grades drawing Rs. 8, 10 and 12, respectively. These officers are Station-house officers and as such have to take up all cases committed within the limits of their Stations, to enter upon their investigation, and collect all information and evidence without delay, previous to the arrival of a superior officer. It very often happens that the Inspector or Jamadar is absent on other duty or is in a remote part of the Taluk in which case the Station-house officer has to do all that is necessary for the detection of the case. It is therefore obvious that men appointed to this post should be men of intelligence, experience and good character. I can scarcely vouch that all the present staff of men possess these very necessary qualifications and it is not therefore surprising that such men when left to work independently often go wrong and spoil a really good case.

5. The grades now existing will stand, but I would propose that their pay be—

				Rs.
1st Class Dafadar .	..	..	..	15
2nd „ „	..	..	..	12
Lance Dafadar ..	..	..	..	9

The Lance Dafadar before the late revision was drawing Rs. 9.

6. The pay of the Jamadars at present is Rs. 15 and 20 with horse allowance of Rs. 6. This pay it must be stated is insufficient to meet their wants and maintain their position. As a rule they have to keep away from their homes for days whilst engaged in the investigation of cases and are put to extra expenses. The nature of their duties is such as to require them to maintain a poney for which an allowance of Rs. 6 is granted. This allowance is clearly insufficient.

7. Looking to efficiency and the market value of services rendered, I would propose that the pay of the 1st Class Jamadar be Rs. 25+10 and that of the 2nd Class Jamadar Rs. 20+10.

8. Lastly come the Inspectors. There are at present 2 grades of Inspectors, the 1st class drawing Rs. 50+10, and the 2nd class Rs. 35+10. The reduction of their pay in the late re-organization was considered unavoidable under the circumstances which then existed, but experience has since shown that the step taken on the score

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

of economy has proved a failure. The position of the Inspector ever since his pay was reduced and he was placed directly under the orders of the Amildars, has considerably diminished, and he has become a less important official limiting his influence and usefulness in the Taluk. The Inspectors hold an important position and it is very desirable that the rates of pay be such as not only to keep them above temptation but also to attract a higher stamp of men and offer such inducements as will keep them in the Department. I would therefore propose to have 3 grades of Inspectors.

1st Grade on	..	..	..	Rs. 70+15
2nd "	..	..	..	Rs. 55+15
3rd "	..	..	..	Rs. 40+15

9. I also observed that the existence at present of one head station in each Taluk is not at all sufficient to perform satisfactorily the work of supervision as well as for the prompt undertaking of investigation of cases reported. To obviate this, I propose to have another head station in each Taluk thus dividing a Taluk into 2 parts and each division being under the charge of a Jamadar. The proposed head station will be located in some such important part of the Taluk as the Deputy Commissioner may decide upon. With this object in view, I have increased the present strength of Jamadars by 61, that is, giving one to each Taluk.

10. The Deputy Commissioner, Shimoga, strongly recommends an increase, to the present strength, of 4 Jamadars, 12 Dafadars and 40 Constables, but as I have already proposed an increase of Jamadars, the proposal of the Deputy Commissioner as far as Jamadars and Dafadars are concerned has been thrown out, but I would strongly urge on the consideration of the Dewan that an increase of Constables is very essential. I have therefore as far as compatible with existing circumstances put down an increase of 30 Constables, instead of 40, as recommended by the Deputy Commissioner.

11. The Deputy Commissioner, Kolar, brings to notice that the present Municipal Police in the towns of Kolar, Chintamani, Chikballapur and Sidlaghatta are insufficient and therefore recommends the following increase:—

Kolar ..	..	..	..	5 Constables.
Sidlaghatta ..	..	..	1 Dafadar	5 Do
Chintamani ..	..	..	1 Do	6 Do
Chikballapur ..	..	..	1 Do	8 Do

These are important and thriving towns and it is nothing but right that the Municipality should maintain a proper force to meet growing wants. The Kolar Town Police is at present too short-handed for the due performance of work devolving on them; and to carry on the duties required, the Taluk Police assist them by giving them 4 Constables.

12. Under these circumstances, I would recommend that the following increase may be sanctioned:—

Kolar Town ..	..	..	..	5 Constables.
Sidlaghatta ..	..	..	1 Dafadar	3 Do
Chintamani ..	..	..	1 Do	3 Do
Chikballapur ..	..	..	1 Do	4 Do

The Deputy Commissioner has not reported how many of each grade he wishes to entertain, but if the Dewan is pleased to sanction the proposed increase, I shall regulate the number in each grade.

13. An analysis of the above for increase of pay, &c., for the Provincial Police will be seen at a glance from the accompanying statement.

14. Finally, I beg to state that I have very carefully weighed and considered the proposals above made which I believe will materially improve the efficiency of the Police and thus prove of great benefit to the country at large.

I have therefore to request that you will be so good as to lay these recommendations before the Dewan with a view to early sanction of the same.

Proceedings of the Dewan to His Highness the Maharaja of Mysore,

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

Memorandum of Dewan's Remarks R., dated 20th April 1886.

Before passing orders upon the recommendation of the Inspector General of Police submitted with his letter No. 1095—112, dated 25th February 1886, for increasing the pay and strength of the Police force, I make the following observations:—

2. The proposal made involves an increase of Rs. 73,020 per annum. This is a great deal more than what the State can at present afford to pay. The reconstitution of two Districts and six Taluks only involves an increase of about Rs. 55,000 inclusive of two Police Assistants and the District Office Police establishment. Any small increase shown to be absolutely necessary will of course be sanctioned. It is doubtful whether the present officers and men could be induced to do better work by an addition to their pay. I would request the Inspector General's special attention to the Proceedings of the late Chief Commissioner No. 489—15, dated 24th September 1880, sanctioning the organization now in force. The pay of the Inspectors was then reduced, because the Amildars were put in charge of the Taluk Police. So long as the Amildar is at the head of the Taluk Police, his assistant in the Police Department need not get higher pay than his assistant in the Revenue Department, namely, the Taluk Sheristadar. If the Head-quarter Inspectors be abolished, as they well might be, as a Police Assistant Commissioner has been provided for each District, I would not object to giving for the whole Province 8 or 10 Inspectors on the 70 rupees grade.

3. The pay of the 2nd and 3rd grade Inspectors might be analogous to that of Taluk Sheristadars, viz. Rs. 50 and 40.

4. I am of opinion that the Amildar should continue to be the head of the Taluk Police and that he should have general powers of control over the Police in his Taluk and be responsible for the prevention and detection of crime and the maintenance of order throughout his Taluk. This should in no way reduce the responsibility of the Inspector or cause needless delay. The Amildar should hold the same relation to the Inspector that the Deputy Commissioner does to the Police Assistant Commissioner. A few simple rules are necessary, and I would like to know what rules the Inspector General would propose. In addition to any rules which the Inspector General would propose, I think some such as the following are necessary:—

(i) *First Information Report*—Original to go to Magistrate having jurisdiction through the Amildar. Duplicate to go direct to Police Assistant Commissioner who will keep the Deputy Commissioner informed of occurrences, progress, &c.

(ii) *Inspector's Special Diaries* to go direct to the Police Assistant Commissioner.

Jamadar's Special Diaries to go direct to the Police Assistant Commissioner, but with remarks, if any, of Inspector or Amildar, if at Head-quarters, or with a note of their absence by the Jamadar.

(Inspector, on return to Head-quarters, must always examine the Jamadar's work during his absence, give any instructions he may deem necessary and communicate them to the Police Assistant Commissioner for information with reference to special diaries which may have been submitted to the Police Assistant Commissioner during Inspector's absence.)

5. I think that the better way to improve the Inspector's service is by giving the Inspectors some prospects of promotion into the Revenue Department rather than by giving them higher salaries as Inspectors.

6. Ordinarily Inspectors will be on Rs. 40 and Rs. 50; a few specially qualified men would get Rs. 70. Properly qualified men from all grades of Inspectors

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

should be selected for promotion as Amildars and Deputy Amildars. I would like to have a list of them and they should be encouraged to pass the Amildar's examination. From this list, I would appoint one man to every 3 or 4 Amildars' vacancies I fill up.

7. An addition of 61 Jamadars to the Force involves too great an increase, and I do not think we can afford an additional station to every Taluk. I fear that such additional stations would in most cases be an interruption to work. In a few exceptional cases, where additional stations may be absolutely required, they may be established.

8. The pay proposed for Jamadars is higher than what it was before 1880 and is more than what is really required, though I would not object to giving the Jamadars of any additional stations (if established) the Rs. 25 which the Inspector General recommends for the first class.

9. Retaining the last grade Jamadar on Rs. 15 as at present, it would seem sufficient if the Dafadar's pay is fixed as follows :—

					Rs.
First Class	..	..	..	..	13
Second do	..	..	..	..	11
Third do	..	..	..	..	9

10. As regards Constables, I believe their present pay is sufficiently attractive in the greater part of the Province, and I would only adopt the increased rates proposed by the Inspector General as a special case as regards a few specified purely malmad and coffee Taluks; where, as a matter of fact, difficulty may have been felt in enrolling the required number of Constables on the present pay. Where an increase to the number of Constables is absolutely required, I would provide for it.

11. I would fix the horse allowance of Inspectors at Rs. 12 and of Jamadars at Rs. 8. At large Head-quarter stations like Bangalore and Mysore, they may get Rs. 15 and Rs. 10 respectively.

12. I would request the Inspector General's special attention to Sir James Gordon's observations in the Proceedings of the 24th September 1880.

13. I shall feel obliged if the Inspector General will frame a revised scheme with reference to the foregoing remarks and with reference to the requirements of the 6 new Taluks and 2 new Districts recently formed.

14. A statement showing the entire cost (present and proposed) of the Police, including proportionate pay of Assistant Commissioners, may accompany the scheme.

15. If necessary, the Inspector General can take needful immediate steps in anticipation of sanction in accordance with the foregoing observations.

From the Inspector General of Police, To the Chief Secretary to the Dewan of
Mysore, No. 1154—216, dated Bangalore, 12th November 1886.

In accordance with the instructions of the Dewan contained in his Memorandum of the 20th April last on the subject of the re-organization of the Mysore Police, I have the honor to submit the following modified and greatly reduced scheme, which I beg you will do me the favor to lay before the Dewan for his favorable consideration.

2. Upon the question of the desirability of abolishing the appointments of Head-quarter Inspectors, I have consulted the District Officers, all of whom are strongly and with singular unanimity opposed to the measure as tending to impair the efficiency of the Police administration. The reasons they urge appear to me to be weighty and deserving of careful attention.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial, — dated 31st March 1887.*

3. The abolition of the appointment of Head-quarter Inspectors does not dispense with the necessity of having a separate prosecuting Inspector of intelligence and education for conducting Police prosecutions before the higher Magistrates in each District. Taluk Inspectors cannot, even if the present set of men possess the required qualifications for it, undertake this duty without the necessity of frequently leaving their Taluks which cannot but be greatly prejudicial to the Taluk Police administration.

4. The need of at least a Detective Inspector, for each District, of higher standing than ordinary Inspectors, who may, when not unfrequently the Police Assistant is not able to proceed himself, be deputed for the investigation of important cases either in aid or in supersession of the local Police, is unquestionable.

5. The Police service moreover offers so few prizes that it would be a disadvantage to do away with the few higher appointments now existing in it. The prospect of some of our best Inspectors being promoted to the position of Head-quarter Inspectors and of the best Head-quarter Inspectors to Amildars, &c., would attract to the Police service a higher class of men than hitherto and would be an inducement for them to serve long enough in it to acquire special skill and ability in Police duties, an object which cannot be secured if men should always look to other Departments only for their promotion. I have, for these reasons, decided upon not recommending the abolition of the appointments of Head-quarter Inspectors particularly as I know how often good cases are spoilt by want of proper handling and prosecution.

6. The pay of the Inspectors may be assimilated with the pay of Taluk Sheristadars, namely Rs. 40 and 50 for the second and first grades. The increase of Rs. 5 to the second grade Inspector and the considerate promise which the Dewan has been pleased to hold out of promoting some of the best Inspectors to the higher ranks in the Revenue service would, I have no doubt, cheer the drooping spirits of this very important class of officials and improve the tone and zeal of the Police force.

7. At the same time I may be permitted to submit that it would be a very great improvement if the horse allowance of Jamadars and Inspectors should be fixed at Rs. 10 and 15 per mensem respectively. These officers have constantly to travel and, if they should be required to discharge their duties satisfactorily, have to maintain decent ponies or horses. The Inspector has besides to keep, and as a matter of fact they all now do keep, a bullock cart. Both these officers have moreover frequently to travel beyond their Taluks within the District. I think it would greatly benefit the service if their present allowance were increased in the manner I have proposed. Being strongly impressed with the need for this reform, I have referred to this question once more, but out of deference to the wishes of the Dewan based upon the financial necessities of the State, I have provided in the scheme a monthly increase of Rs. 2 to the present horse allowance of Jamadars and Inspectors.

8. The pay of Dafadars of all the grades may be increased by one rupee each as indicated in the Memorandum under reference.

9. Subject to the condition of the Amildar being the head of the Taluk Police, he Amildar and the Inspectors should be held jointly responsible for the prevention and detection of crime in the Taluk. It would be better, I think, that we should not so clearly define the share of the responsibility of each of these officers, lest we should be thereby weakening their sense of joint responsibility. For the appointment of Constables and Dafadars, the Amildar may be required to make his recommendation with the concurrence of his Inspector and in the event of a difference arising between them, the Amildar should be bound to forward the recommendation of the Inspector with his own. That their opinion is now totally ignored in the matter of nominations is one of the most frequent causes of complaint on the part of Inspectors which it is necessary to remove.

10. In the matter of the powers of our Dafadars in charge of stations, the existing rules have to be somewhat modified. At present in all cases in which search

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

of a house has to be made, the station house officer seals the house and waits for the arrival of his superior officer. This arrangement gives the Dafadar and the parties concerned time for deliberation and consultation and while exposing the Dafadar to sore temptation affords so many loop holes through which the precious object of search slips from the hands of the investigating officer. The chances of detection of cases are thus seriously jeopardised. This disadvantage has obviously to be removed. The increase of pay of the Dafadars must carry with it an increased responsibility.

11. On this subject and upon that of the relation between the Amildars and Inspectors, I shall, in consultation with the District officers, submit my draft rules for the confirmation and approval of the Dewan.

12. All the District officers have been frequently applying for additional strength. Four successive Deputy Commissioners of Shimoga from 1883 have strongly pressed the insufficiency of the District Police, and Mr. Madhava Rao puts forward the question with equal urgency though he has considerably reduced the demand of his predecessors and has limited it to what appears to be the lowest minimum requirement. In Shimoga District several stations have no Dafadars and some Kasaba Head stations have no Jamadars, their Jamadars having had to be transferred to some other important stations in the respective Taluks. The Deputy Commissioner proposes the establishment of Head stations in some of the most remote but important parts of the frontier, such as Siralkoppa and Aralgud. The insufficiency of the men has greatly impeded the proper discharge of beat and other duties.

13. In the Katur District the Deputy Commissioner has greatly reduced the application of the Police Assistant Commissioner and wants twelve men for the reserve force and twelve for the rural Police.

14. Chitaidroog also applies for additional officers and men. Some very necessary out-posts and a few stations have to be established with a view to insure the safety of the most important roads on which dacoities are of frequent occurrence. In Harihar, an important town on the frontier, there is but a Dafadar and Mr. Mahomed Ali naturally proposes to locate a Jamadar there. The re-constitution of the Taluks of Jagalur and Molakalmuru has likewise necessitated an increase of Police men for guarding and escorting treasure.

15. The Deputy Commissioners of Kolar and Tumkur have long been applying for additional strength. The latter proposes to strengthen some of the frontier sub-stations, the most frequent gateways for lawless gangs to enter our Province, by changing them into head stations under the charge of Jamadars; these are Midigesi in the Maddagiri Taluk, Hoskote in the Pavagada Taluk and Hulikunte in the Sira Taluk. At Tiruvekere which is a Sub-taluk, the absence of a Jamadar is causing considerable inconvenience and Mr. Krishna Murti urges the necessity of supplying a Jamadar to that Sub-taluk and putting it on an equal footing with other Sub-taluks in the Province.

16. The Deputy Commissioner of Kolar strongly urges the necessity of establishing a few new stations and ghat out-posts. Mr. Soob Rao has submitted a well considered scheme for placing the Police of his District upon an efficient footing. The recent reconstitution of the Malur Taluk has considerably added to the work of the Police of that Taluk which therefore requires strengthening. The transfer of the stations of Mudugurki and Vadigenhalli from the Chikballapur and Sidlaghatta Taluks respectively to the newly constituted Devanballi Taluk has necessitated the establishment of a Police Station at Nandi and a Station at Jangamkote, as a large number of villages which formerly belonged to the transferred stations are still to be inspected by the Police of these two Taluks of the Kolar District.

17. For providing for treasure guard at Devanballi in consequence of the reconstitution of the Taluk and with the view to strengthen some stations which need it most, the Deputy Commissioner of Bangalore has brought to notice the pressing necessity for increasing the number of the Police.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

For the newly constituted Arkalgud Taluk, the Deputy Commissioner of Hassan applies for a small number of men.

18. In the Mysore District, the demand for men is the greatest. Both in point of extent and population, Mysore stands one of the most important Districts in the Province, and yet the Police force there is below the minimum required for efficient administration. In Nanjangud there are only two sub-stations, while an extensive part of the Taluk is without a sub-station. Out-posts all along the Mysore-Hunsur road are said to be urgently needed.

19. I am aware that it would be impossible to make any sudden large additions to the existing strength, and I have therefore cut down the applications of Deputy Commissioners to the lowest points possible. I propose that additional Police may be sanctioned for each of the Districts as particularized below :—

20. The Deputy Commissioner of Kolar proposes a small body of Town Police for the exclusive use of the towns marginally noted and a small increase to the Town Police of Kolar. As observed in paras 11 and 12 of my letter No. 1095—112 of the 25th February 1886, these towns can well afford to maintain the few Policemen proposed to be employed for their exclusive

benefit. I would therefore recommend the entertainment of the marginally noted Police for these towns, the charges being borne by the several Municipalities. The Deputy Commissioner urges that the present arrangement under which the Taluk Police have to do night beats in these important towns, is most unsatisfactory inasmuch as the men, heavily worked on day beat and other duties, are perfectly incapacitated for the efficient performance of night patrolling.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

21. There remains, then, the question of increase of pay to Constables in the Malnad stations. At present, batta between one and two rupees is granted to Dafadars and Constables serving in the Malnad and unhealthy parts of the Province. It has been found as a matter of fact that this is not a sufficient inducement for men to enlist themselves in the Malnad and coffee tracts, where the rate of wages is high and where, as Mr. Meiklejohn aptly observes, none but the illest vagabonds could be induced to take up Police service. The result is that there are many vacancies in the grades of Constables.

22. It is a question for decision whether the pay of the men in the Malnad and coffee tracts should be increased involving additional pension and gratuity charges, or their present batta raised in accordance with the prevalent rate of wages, the difficulty of living and the unhealthiness of the locality. If their pay is to be increased, it may be fixed at one rupee more than the Maidan pay, or if the increase should take the shape of batta, it may be fixed at Rs. 2 more than what they are now paid. I estimate at Rs. 5,500 per annum the probable requirements of the Police service in regard to this subject and, if the sum is sanctioned, it will be allotted to the different Districts as

noted in the margin, and the Deputy Commissioners will be asked to submit for approval nominal rolls of the men who receive the increase of pay or batta awarded. I called for lists of the Malnad stations with their strength, but those that have been submitted require to be greatly cut down and I have therefore proposed the arrangement of allotting the amounts to the respective Districts and to leave it to the District Officers to distribute the amount, subject to my approval, to men of such stations only as

23. The following are understood to be purely Malnad to which the provision for increase of pay will be applied :—

Portions of Heggaddevankote, Hunsur, Gundlupet and Chamarajnagar Taluks in the Mysore District; nearly the whole of Manjarabad and Belur in the Hassan District; almost the whole of Chikmagalur, Mudgero and Koppa including the Yedahalli Sub-Division and some considerable parts of the Tarkere Taluk in the Kadur District and the whole or nearly the whole of Tirthahalli, Nagar, Sagar and Sorab; some considerable parts of the Shimoga and Shikarpur Taluks and some small but pretty well defined tracts in the Channagiri Taluk in the Shimoga District.

24. Besides these purely Malnad and coffee tracts, there are some places in the Maidan Districts of Kolar and Tumkur where, owing either to the extreme unhealthiness of the locality or the difficulty of living in it, it is exceedingly hard to induce men to serve. In the Viratimmana Ghat Station in the Nundydroog Range of hills near Chikballapur, many a Police man contracted malarious fever, from the effects of which few indeed have recovered. Living is on the other hand attended with considerable discomfort in the Bagopalli jungles which are the hot bed of dacoities in the Kolar District. So it is in the Tumkur District, in some parts of which from the hilly or difficult nature of the country, men are greatly exposed to ill-health and privations. The present system of paying the ordinary Ghat or Malnad batta must therefore be extended to some parts in the Tumkur and Kolar Districts. They do not of course want enhanced batta or increase of pay.

25. The additional cost involved in the proposed increase of pay to second

Urigam Police.

Note.—* Besides the an additional cost of 1 has been sanctioned in 1 Proceedings No. 3430- dated 27th July 1886, for the special Police at Urigam, of which Rs. 50 is chargeable to the Gold Mining Company and the balance, viz. Rs. 98 per mensem to Government.

26. If this scheme is approved, I propose giving the increase of pay to the second grade Inspectors and the enhanced rate of horse allowance to Inspectors and Jamadars at once. The other parts of the scheme relative to the increase of pay to Dafadars and increase of the strength of the Police force, &c., may, if it is so desired, take effect from the commencement of the next official year

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 31st March 1887.*

27. In no department of the State service are zeal and honesty a more peremptory necessity than in the Police Department, and in none are undermanned strength, insufficient pay and slender prospects of promotion so injurious to the public weal as that which is directly concerned with the primary function of Government, namely the protection of life and property. I trust therefore that the present scheme prepared rigidly with a view to economy will meet with the approval of the Dewan. It is true that numbers or even increase of pay will not necessarily lead to instant improvement, but experience has proved that current duties cannot be conducted without a certain number of Police men and that the surest way to eventual improvement is by the offer of better inducements in the way of pay and promotion than at present exist.

28. I shall, as directed by the Dewan, submit a list of the most deserving Inspectors fit for Amildari and shall warn them all to pass the prescribed tests.

CAMP No. 2304—5, DATED MYSORE, 31ST MARCH 1887.

ORDER THEREON.—The revised scheme submitted by the Inspector General of Police with his letter dated 12th November 1886, No. 1154—216, is sanctioned with effect from 1st April 1887. As stated in para 25 of that letter, the revised scheme involves an aggregate annual cost of Rs. 5,50,634 against a present cost of Rs. 5,17,834. His Highness' Government are satisfied that the increase though considerable is really required in the interests of an efficient Police administration, and they accordingly sanction it. The Inspector General will be requested to give effect to the revised scheme as soon as possible.

Letters Nos. 1080 & 213, dated 10th September 1886, and 9th February 1887, respectively, from the Senior Surgeon, Mysore Government.

CAMP No. 2364—73, DATED MYSORE, 31ST MARCH 1887.

ORDER.—The Senior Surgeon submits in original the marginally noted letters received from the Assistant Surgeons at Kolar and Hassan and recommends that the batta and mileage of Assistant Surgeons be assimilated to those of the other officers, viz. Assistant Engineers, Assistant Commissioners, Assistant Conservators, &c., who are officially in the same grade.

2. The daily batta and mileage allowable to Assistant Commissioners and Assistant Conservators are Rs. 3 per diem and As. 6 per mile, respectively, for travelling in Maidan Taluks and Rs. 4 per diem and As. 8 per mile in Malnad Taluks.

3. No travelling allowance is fixed by the Government for the Assistant Surgeons. But they are at present allowed at the rates of Rs. 2 per diem batta and As. 4 per mile mileage.

4. In para 13 of the Dewan's Proceedings No. 885-7—4, dated 5th May 1884, which relate to the re-organization of the Medical Establishments in the Province, it is laid down that the rules regarding conditions of service, gratuities, pensions and leave applicable to the officers of the local Medical service will be the same as those which apply to other officers of the Mysore Public service. It is undoubted that the official rank of Assistant Surgeons corresponds to that of Assistant Commissioners, and the former will be allowed from 1st April 1887 travelling allowances at the rates which now apply to the latter. No retrospective effect can be given to this ruling.

Letter No. 234, dated 14th July 1884, from the Deputy Commissioner, Kadur District, regarding the nomination of members to serve on the Municipal Board of Sringeri.

CAMP No. 1809, DATED MYSORE, 10TH MARCH 1887.

ORDER THEREON.—The Sringeri Matt has the right to levy a sayar duty on articles produced within its limits but not an export or import duty of any kind. It would be an advantage to limit the sayar to arecanut only as in the case of Government villages, the Sringeri Municipality being allowed to levy an octroi upon other items of sayar revenue and to divide the realizations between itself and the Matt. The Deputy Commissioner is requested to report upon this proposal after communication with the Matt.

2. The promulgation of Municipal Rules applicable to Sringeri must await the introduction of a Municipal Regulation applicable to the whole Province. In the mean time, the Sringeri Municipality must be managed like other Municipalities at Taluk head-quarters, the Municipal Commissioners being appointed as in the case of Taluk head-quarters, and the Municipal accounts and proceedings being subject to the control of the Sringeri Deputy Amildar acting under the orders of the Deputy Commissioner.

Petition, dated 17th September 1886, from Narsipur Ramaiya of Haralahalli Village in the Channarayapatna Taluk.

Also Docket No. 506, dated 27th October 1886, from the Deputy Commissioner, Mysore, submitting copy of letter No. 759 of 21st idem, from the Sub-Division Officer, French Rocks, reporting on the above.

CAMP No. 1887—9, DATED MYSORE, 11TH MARCH 1887.

ORDER THEREON.—The application read above is from Ramaiya of Haralahalli in the Channarayapatna Taluk, requesting permission to construct at his expense dams across the wastewear channels of the Channarayapatna and Janavar tanks and across the nullah falling into the Hemavati and thus divert all the water now falling into the Hemavati for irrigating the dry land partly cultivated and partly waste in the neighbouring villages of Anegola, Balamaranahalli.

2. The work is expensive and the Sub-Division Officer doubts the sufficiency of Ramaiya's means to undertake the work and maintain it in good order after completion. It is also apprehended that a breach in the new channel anywhere near the Balamaranahalli tank may endanger that village tank bund.

3. The Dewan however would not refuse sanction to the application if Ramaiya would execute a mutchalika binding himself to start work within a year from date of communication to him of this order, and finish it within reasonable time and undertake the responsibility of keeping up the work in an efficient state, so that the Government work, the tank bund of Balamaranahalli, might not be rendered unsafe.

4. Petitioner can apply for, and obtain the occupancy rights in, Government unoccupied lands likely to be irrigated by the proposed channels. These lands will pay an assessment of Rs. 2 per acre during the currency of the present revenue settlements of the Taluks in which they are situated, on the principle of para 3 of Proclamation dated 13th July 1863, and para 1 of Notification No. 366 Rev., dated 23rd December 1871. Dry lands now under occupation which may be irrigated by the proposed channel, if the occupants consent to use the water supplied, must pay to the petitioner a water rate to be fixed by the parties, and in the case of dispute, the Government will levy from the occupants of such lands full wet assessment and pay the petitioner 3rds of the difference between such full assessment and a rate

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,

READ THE FOLLOWING PAPER :—

From the President, City Municipal Commission, Bangalore, To the Chief Secretary to the Dewan of Mysore, No. 479, dated Bangalore, 10th January 1887.

I have the honor to submit herewith copies of resolutions passed by the Board at their meetings on the 29th June and 30th October 1886, regarding the retention of octroi in the City of Bangalore.

2. In the present financial condition of the Municipality, it would be extremely unwise to abolish the octroi, as, if the taxes that are to be imposed in the Station were to be introduced into the City, we would not be able to realize nearly the same amount as the octroi brings in. We have been always collecting mohatarfa, which is virtually a trade or professional tax, similar to the one about to be introduced by the Station. Again as the consumption of animal food is much less in City limits, we could not hope to realize any large amount under a sheep or cattle slaughter tax.

3. Hitherto this Municipality has paid 1/3rd share of the Octroi establishment and taken 2/3rd of the receipts, about Rs. 3,000 and Rs. 23,000 respectively per annum. The whole cost of the establishment required for octroi collection will have to be paid from Municipal funds, consequently it will be heavier; but if the following proposal be approved, at all events as a tentative measure, the extra cost will not be very heavy.

4. The proposal is to utilize the Octroi establishment in collecting the fees on fuel brought into both the City and Station. I have consulted the Inspector General of Forests and he has no objection to the plan being tried; at present there are two distinct agencies employed on similar duties in the same places, which is quite unnecessary. The present Detective Overseer Mr. Lacy has had good experience in the Department, and would be able to ensure the work of both Departments being done properly. Unless there is an officer at the head who can supervise the establishment, it will be hopeless to expect any thing but a serious falling off in the revenue which the Municipality is entirely unable to afford.

5. I append two statements (I and II) showing the proposed establishments and salaries. At present the Fuel establishment costs Rs. 125 monthly or Rs. 1,500 per annum. In the revised list I have entered it at Rs. 1,800 per annum. The monthly collection is about Rs. 1,500 or Rs. 18,000 yearly.

6. Statement III shows the amount credited to Government on account of octroi for the last 8 months, giving a monthly average of Rs. 1,155. This will of course be greatly reduced, and I would submit for consideration whether it might not be foregone by Government, and merged in the Municipal collections. The Board would then be better able to meet any deficit that will probably arise in the octroi collections at the end of the year.

7. I would solicit the favor of your obtaining early orders on this proposal as the budget will have to be framed and arrangements made before the end of the year.

Resolution.—That the Municipal Commissioners of the City are not at present prepared to relinquish the octroi revenue, as they will find it difficult to substitute other taxes for it. It is therefore resolved that the octroi duty be continued to be levied within the City Municipal limits on its abolition in the Civil and Military Station, and details in connection therewith be considered hereafter when occasion arises.

Resolution.—The Commissioners resolve that the matter be left to the President and Vice-President for disposal and communication to the President, Municipality, Civil and Military Station.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 23rd March 1887.*

No. 8281-3—798, DATED BANGALORE, 23RD MARCH 1887.

ORDER THEREON.—In the letter read above, President, Bangalore City Municipality, submits for sanction a scheme for the separate collection of the octroi duty within City Municipal limits. As the duty has been abolished within the Civil and Military Station, its retention within the City would in some respects be inconvenient; but after careful consideration, the Dewan is satisfied that the City Municipality cannot at present substitute any other tax in lieu of octroi. The scheme submitted by the City Municipal President is accordingly sanctioned, and the Municipal President is authorized to entertain the establishment required for the collection of octroi not exceeding a limit of cost of Rs. 400 per mensem.

2. The Dewan is of opinion that the octroi establishment should be quite different from the establishment for fuel detection as in Order No. 7508-9—90, dated 8th February 1887. Orders have already been issued for no fuel being felled except under licenses issued on prepayment of seigniorage fees, thus discontinuing all levy on fuel, entering the City except in cases of fraudulent evasion of seigniorage duty.

3. The Municipal President will submit for formal sanction a revised statement of octroi establishment required, after entertaining the same from 1st April next in anticipation of sanction.

READ THE FOLLOWING PAPERS:—

From the President, City Municipal Commission, Bangalore, To the Chief Secretary to the Dewan of Mysore, No. 461, dated 18th December 1886.

I have the honor to forward herewith copy of a Resolution unanimously passed by the Board at a meeting held on the 26th ultimo, recommending the transfer of the Town Dispensary to the St. Martha's Hospital building.

2. The conditions under which the transfer has been agreed to were carefully checked at a meeting at which were present the Lady Superior on her own behalf, the Senior Surgeon, the Vice-President, Mr. Murry Gungiah, and myself on behalf of Government and the Board.

*Copy enclosed.

3. The general management of the Hospital will be vested in a Committee and the interests of the public as well as those of Government and the Lady Superior will be looked after by their several representatives.

4. I would therefore solicit the favor of your laying these papers before the Dewan, with a view to his sanctioning the transfer at an early date.

Extract from the Proceedings of the City Municipal Commission
at a Meeting held on the 26th November 1886.

Additional Proposition.

Letter from the Lady Superior dated 20th instant, proposing certain conditions under which the transfer of the Town Dispensary to St. Martha's Hospital may be effected.

Resolution.—The Commissioners would recommend to Government for sanction the proposed transfer of the Town Dispensary to St. Martha's Hospital under the conditions laid down by the Lady Superior in her letter under reference. The transfer to take place as early as possible.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),— dated 23rd March 1887.*

Conditions required by the Municipality to be agreed to by the Lady Superior before transferring the present Pettah Hospital and Dispensary with medicines, &c. and Medical staff to St. Martha's Hospital.

The Senior Surgeon to Government or such other Medical officer, as may be appointed by Government, to have the control and management of the Hospital as regards the following :—

- I. The medical and surgical treatment of patients, food, diet, scales and hours for meals to be laid down ; but the class of diet suitable for the patient the Medical officer will determine. The food, raw and cooked, will be open to the inspection of the Medical officer, any portion or all of which he is at liberty to reject, if necessary. The hours for administration of food and extras, other than those laid down in the fixed scale, are to be determined by the Medical officer, and all matters concerning the diet and extras of patients, are to be subject to his control.
- II. Scales of clothing and bedding to be fixed ; but this may be modified or altered at the discretion of the medical officer, in cases in which, in his opinion, it may be necessary.
2. All servants in the Hospital to be under the control of the Medical officer who is competent to punish or dismiss them. In the absence of the Medical officer the responsibility of maintaining discipline and order, and enforcing the performance of duty will rest with the Lady Superior if resident, or such other resident nuns as she may appoint who may possess the power of fining them to the extent of one-fourth their monthly pay subject to the approval of the Medical officer. In cases of offences demanding, in her opinion, more severe measures, the Lady Superior or her *locum tenens* is at liberty to suspend the said servant or servants and bring the matter up before the Medical officer, at his next visit, for disposal.
3. The maintenance of caste wards being necessary, the employment of a certain number of caste servants is also necessary. The engagement of servants will rest with the Lady Superior, subject to the approval of the Medical officer.
4. The responsibility of maintaining discipline, order and cleanliness within and without the wards of the Hospital will be as above mentioned ; but this, the Lady Superior may, with the approval of the Senior Medical officer, transfer to the resident Medical officer or subordinate, if there should be one.
5. The general charge of the nursing will rest with the Lady Superior if resident, or such other resident nun as she may appoint, subject in all instances to the control and authority of the Senior Medical officer.
6. A general committee to be formed (of whom the Senior Medical officer is to be an *Ex-Officio* member) consisting of 3 officers appointed by Government, 2 by the Municipality and 3 by the Lady Superior. The committee to be the general governing body, to meet at such times as may be determined upon, and to be competent to settle all matters concerning the administration of the Hospital. In the event of the committee being unable to agree on any matter, it is to be referred to the Resident and the Dewan, and their decision to be final.
7. It is to be clearly understood that there will be perfect freedom in religious matters for all the patients.

Extract from Dewan's letter to the Lady Superior, dated Bangalore,
23rd March 1887.

I regret also my inability to decide earlier regarding the transfer of the Pettah Hospital to St. Martha's. I have given the subject much consideration and delayed my decision with a view to ascertain the real public opinion in the matter. I am now

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 23rd March 1887.*

satisfied that the transfer would be very unpopular at present. After St. Martha's Hospital has been receiving in-patients for some time, and after the people have gained some experience of its working and when they are satisfied with it in every way and begin to resort to it freely for medical aid, then it would be right to sanction such transfer. To do so now would be extremely unpopular. I send for your kind perusal and return a numerous signed petition from the citizens, which shows the feeling which prevails with a large section of the Native community. As at present advised I defer to that feeling and refrain from sanctioning the transfer.

In the meantime, however, I shall do everything in my power to help St. Martha's Hospital. I shall lend the services of my Chief Medical Officer for the control and management of St. Martha's Hospital on the conditions agreed to by you as reported by the Municipality on 26th November last. I shall also from the 1st of the next month make a small addition to the monthly grant-in-aid of Rs. 200 which the Municipality at present gives you. This addition will be from Provincial revenues and will be fixed at Rs. 100 per mensem, on the conditions--

1stly of the control of the Chief Medical officer of Government already referred to and 2ndly of the establishment of arrangements for the receiving of in-patients.

I hope you will regard this arrangement as satisfactory in every way. I can assure you that the Pettah Hospital on its present small scale cannot compete with your Hospital to any appreciable extent, and its abolition or continuance will depend entirely upon the popularity or otherwise of St. Martha's in the matter of the treatment and care of in-patients.

No. 8319-22--801, DATED 23RD MARCH 1887.

ORDER THEREON.—In reply to the letter read above, an extract from a letter which the Dewan wrote this day to the Lady Superior will be forwarded to the President, Bangalore City Municipality. For the reasons therein given the Dewan refrains at present from sanctioning the proposed transfer of the Pettah Hospital to St. Martha's. At the same time however he has agreed to the control and management of St. Martha's Hospital by the Senior Surgeon, and to the general administration of the Hospital being vested in a committee appointed as laid down in para 6 of the conditions agreed to by the Lady Superior. The Dewan approves of the whole of these conditions, and sanctions a grant-in-aid of Rs. 100 a month to St. Martha's Hospital in addition to the present Municipal grant-in-aid of Rs. 200 per month. This additional grant-in-aid will have effect from 1st April 1887 and will be provided for in the Provincial Budget for 1887--88.

MILITARY.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Military),—dated 17th March 1887.*

READ THE FOLLOWING PAPERS :—

From the Military Secretary. To the Chief Secretary to the Dewan of
Mysore, No. 1538, dated Bangalore,
7th March 1887.

I beg to enclose copy of a demi-official letter from Colonel the Honorable W. J. Stewart, commanding XII Royal Lancers, who as Senior Colonel of Cavalry in Bangalore has commanded the Cavalry Brigades at brigade and field days in which the 2nd Regiment of Siladars has regularly taken part during the season which has just terminated.

I believe that H. H. the Maharaja and the Dewan will be pleased to know that the regiment has earned the approval of a competent authority on the working of a cavalry regiment and I am glad to be able to add that the same opinion has been expressed to me by the General commanding the Division.

I beg to bring to the special notice of the Dewan the very complimentary terms in which Colonel Stewart refers to Regimentdar Rama Rao Rananoray, commanding the 2nd Regiment.

From the Officer commanding XII Royal Lancers. To the Military Secretary,
dated Bangalore, 3rd March 1887.

The Cavalry Brigade drill season having now terminated, I feel I must let you know that I was much struck with the work done by H. H. the Maharaja's Regiment of Siladar Horse officers, Non-commissioned officers and men, all seemed anxious to improve themselves and invariably showed much keenness and energy when working, but more especially I am anxious to bring to your notice their Commanding Officer who invariably carried out my orders with excellent tact, energy and promptitude. I was much struck too with the quickness he displayed in picking up drill and also when I might find some fault and tell him what I considered desirable to be done, he invariably grasped my meaning and on the next occasion I would not see the fault repeated but corrected. I cannot say what a pleasure it has been to me in my capacity as Senior Colonel of Cavalry to have the Siladar Horse forming a portion of my Cavalry Brigade and I should feel greatly obliged to you if you would see fit to let the Commanding officer, officers, Non-commissioned officers and men know this. There is no doubt that during the season they improved much in steadiness in their drill, both in parade and field movements, this I have myself told the General and he has also on more than one occasion expressed his satisfaction at the way the regiment has worked.

CAMP No. 2024, DATED MYSORE, 17TH MARCH 1887.

ORDER THEREON.—His Highness the Maharaja has read with great pleasure and satisfaction the report of the Honorable W. J. Stewart, the Senior Colonel of the Cavalry Regiment stationed in Bangalore on the working of the 2nd Regiment of the Mysore Horse on brigade and field days in association with the British forces. The Military Secretary is requested to convey to the men, Non-commissioned and Commissioned officers of the Regiment and their Commanding Officer Rama Rao Rananoray, His Highness' appreciation of their improvement.

Chief Secretary.

LEAD—

Order No. 2802—33, dated 23rd July 1884.

No. 1241-72—233-64, DATED 31ST MARCH 1887.

ORDER THEREON.—In the above quoted order, the rates of rent leviable on Government buildings occupied by Government officials or by private persons were laid down, and it was stated that requisite orders regarding additions, alterations and repairs would issue in course of time.

2. It is now notified that in future the work to be done to such buildings by the Public Works Department will be confined to what is necessary for the stability of the building, to prevent deterioration of or leakage through the roofs, and to what may be required for proper sanitation.

3. All other additions, alterations or repairs must be carried out by the tenants, who will be held responsible for the condition of the buildings they occupy and who on vacating are bound to hand over the same in clean and proper order.

4. Improvements proposed by tenants can only be made by them with the express approval of the Executive Engineer, who is at liberty to assist them in the execution or designing of such work, or to carry out himself the improvements as well as all periodical repairs, recovering the cost beforehand from the tenants.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 2nd April 1887.*

READ THE FOLLOWING PAPERS:—

From the Dewan of Mysore, To the Resident in Mysore, No. 49, dated Camp
Mysore, 8th March 1887.

I have the honor to acknowledge the receipt of your office letter No. 675—6486, dated 4th March 1887, and in continuation of my letter No. 43, dated 23rd ultimo, to state that it has been found impossible to obtain from the toddy contractors of the Bangalore District any accounts of production and consumption outside the limits of the Station and City. The contractors were not by the terms of their contract bound to keep or produce such accounts, and endeavours made to get them to do so failed.

It appears that the contractors kept in their own hands the manufacture and supply for the requirements of the Station and City of Bangalore, and the manufacture and supply for all places outside the Station and City was sublet by them to numerous sub-contractors in all parts of the District. The contractors had no control over these sub-contractors and were not able to get them to keep any accounts of production and consumption. The shops were assigned to various sub-contractors in consideration of specified money payments, and these sub-contractors made their own arrangements for drawing the toddy from date tops allotted for the purpose, and for carting the same to the places of consumption. Under such circumstances no information is available regarding the quantity consumed outside the Station and City limits. I am informed that the contractors realized by the subletting Rs. 85,900 per annum on an average. This is exclusive of the cost of production and carriage and sub-contractors' profits.

The sanctioned selling price of toddy was from 8 to 12 pies per seer in the villages of the Bangalore District, and 10 to 15 pies per seer in the head-quarters towns of the 8 outlying taluks. If we assume 9 pies per seer to be the average actual selling price and allow 50 per cent of this for the cost of production and carriage and sub-contractors' profits, the net amount realized

$$4\frac{1}{2} \text{ pies per seer} = \text{Rs. } \frac{4\frac{1}{2} \times 24 \times 10}{12 \times 16} = \text{Rs. } 5\frac{3}{4} \text{ per cask.}$$

$$\frac{\text{Rs. } 85,900 \text{ total revenue to contractors}}{\text{Rs. } 5\frac{3}{4} \text{ per cask}} = 15,272 \text{ casks.}$$

by the contractors would represent, as per details in margin, the revenue from a consumption of 15,272 casks. The consumption in the Civil and Military Station appears to have amounted to 2,641 casks or 13.42 per cent of the total consumption of the entire District, in-

cluding Station, City and outlying taluks. But for obvious reasons the above estimate of the proportionate consumption in the Station is unsatisfactory, being based upon no verifiable data. It is however useful to show that Major Macintire's proposal to divide the revenue according to the population is not much beside the mark. I would under such circumstances strongly recommend that the toddy revenue of the Bangalore District should be divided between the British Government and the Durbar in the proportion of the population of the Civil and Military Station and of the remainder of the Bangalore District. If you approve of this plan, it can be applied to the years of the contract now about to expire, as well as to future contracts. Under it the share of revenue payable to your treasury under the present contract will be Rs. *16,706 inclusive of local cess.

* 7,24,238 : 93,540 :: 1,29,359 : Station share of revenue.

† 6,69,139 : 93,540 :: 1,23,250 : Station share of revenue.

(Population of Kunigal Taluk, not now in Bangalore District, is excluded.)

Under the contract for the 3 years from 1st April 1887 to 31st March 1890, the share of revenue due to the Station will be Rs. †17,229 inclusive of local cess.

With reference to your remarks in your office letter under acknowledgment regarding Major Macintire's proposal for a "Royalty per tree", I beg to observe that Major Macintire appears merely to ask for a rent on Government trees. The whole of the toddy consumed in the Civil and Military Station is drawn exclusively from trees on Government waste lands situated in the Kunigal Taluk chiefly and elsewhere to a very small extent. I have no information as to what a contractor will pay to the private owner of a toddy tree. There are so many Government trees that the contractor is independent of private owners. He makes annual payments to certain inamdars, but these are made not merely for the privilege of using the inamdar's toddy trees, but also for that of selling toddy within inam villages. In some cases these payments are for the latter privilege only.

Under such circumstances it is difficult to obtain any accurate data for fixing a fair rent on Government trees. Perhaps the value of jaggory produced may be of some help in the matter. It seems that 3 pots of toddy will produce 1 maund of jaggory worth about 8 annas, and that of this, 3 annas will be the cost of drawing the toddy, and 2 annas that of manufacturing jaggory out of the toddy, thus leaving 3 annas to represent the intrinsic value of 3 pots of toddy. There are 10 pots in a cask and 10 annas per cask would seem to be a fair method of fixing the rent upon Government toddy trees. But the whole question as to whether any and what rent for toddy trees should be allowed to the Durbar, whether by a fixed annual deduction from the share of toddy revenue payable to the Civil and Military Station, or in any other way, is one which I shall leave entirely in your hands for settlement.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 2nd April 1887.*

From the Assistant to the Resident in Mysore, To the Dewan of Mysore,
No. 992—6486, dated Bangalore, 19th March 1887.

I am directed to acknowledge the receipt of your letter No. 49, dated 8th March 1887, regarding the apportionment of toddy revenue between the Civil and Military Station of Bangalore and the District of Bangalore.

2. In reply I am directed by Mr. Lyall to forward a copy of the note on the subject by the Collector and District Magistrate of the Civil and Military Station of Bangalore, and to state with reference to your proposals regarding a royalty per toddy tree, that though in theory it seems fair that the Durbar should, if they wish, claim an abatement by way of rent of toddy trees on Mysore Government waste lands, yet practically if the Resident on behalf of the Civil and Military Station accepts the Durbar's proposal to allow the Civil and Military Station's share of the revenue to be calculated by the proportion of the population of the Civil and Military Station and of the District of Bangalore, Mr. Lyall thinks it would be fair that the Durbar should waive the claim to rent of toddy trees.

3. The figures given by the Collector and District Magistrate of the Civil and Military Station indicate that the contractors' profits in the Civil and Military Station are proportionately higher owing to the greater price he is able to charge; Mr. Lyall thinks therefore it would be a fair comparison if the share of the Civil and Military Station be fixed at Rs. 16,706 per annum inclusive of local cess, for the present contract, namely from the 1st April 1884 to the 31st March 1887, and Rs. 17,229 per annum inclusive of local cess, for the new contract from 1st April 1887 to 31st March 1890.

4. In conclusion I am directed to add that it would not be impossible for the Civil and Military Station of Bangalore to have its own separate contract, the contractor drawing his supplies from Madras Districts and inlanders' groves near Bangalore, and this arrangement might be more profitable; but, it would involve the friction and trouble referred to by the Collector and District Magistrate in his Note, Mr. Lyall is not therefore willing at present to attempt it. For similar reasons Mr. Lyall agreed to the arrack contract continuing to be managed as a joint affair though it has been often urged upon him that a separate contract might be more profitable to the Civil and Military Station.

Note by the District Magistrate and Collector of Civil and Military Station of Bangalore,
dated Bangalore, 18th March 1887.

(1). The difficulty in ascertaining the correct amount of revenue debitable to the Civil and Military Station of Bangalore is due to the want of reliable accounts and the failure to furnish them by the toddy contractor of the Bangalore District who has, doubtless, his own reasons for withholding them.

(2). The Collector, Civil and Military Station, called upon the Cantonment Mutsaddi in November 1886 to furnish accounts of toddy imported into the Station for the years 1884—85, 1885—86 and 7 months (to October 1886) and the net amount of pots sold amounted to 68,96 and 14 scers at Rs. 1—8—0 per pot (or 1 anna a scer) value Rs. 1,03,442—6—0 for 3 months; thus representing in round numbers a yearly average sum of Rs. 19,000 due to the Civil and Military Station, after deducting 8 annas in the rupee as contractor's expenses and profits this is calculated at the *maximum* rate and is favorable to the contractor.

(3). The plan proposed by the Deputy Commissioner of the Bangalore District for fixing the proportionate share of the toddy revenue for the Civil and Military Station according to population may be simple, but it is not, I consider, a correct method of deciding the question.

(4). As to the royalty proposed, I do not see why any should be demanded by the Mysore Government from the British Government for toddy brought into the Civil and Military Station for consumption; if any one paid a royalty, it should be the toddy contractor, who disposes of what he collects for sale, wherever there is a demand; and as the contractor pays no royalty there is no reason why the British Government should do so. The case is one of supply and demand between the contractor and the Civil and Military Station, and when it is ascertained how much supplied, the difficulty of fixing the proportionate share of the toddy revenue disappears and there need not be reduced by a royalty.

(5). It is to be regretted that all casks of toddy brought into the Station were not covered by passes as now adopted in regard to beer, and then some reliable data would have been available for fixing the proportionate share of the toddy revenue; but the toddy contractor appears to have thrown difficulties in the way and the Deputy Commissioner, Bangalore, apparently did nothing and said that he was awaiting the Dewan's orders.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 2nd April 1887.*

(6). From the foregoing remarks, I think that the sum of Rs. 19,000 per annum is more the figure that should be fixed as the toddy revenue due to the Civil and Military Station than Rs. 12,000, the sum recommended by the Deputy Commissioner, Bangalore District.

(7). I take this opportunity of suggesting to the Resident, the desirableness of fixing a lump sum to be paid by the Mysore Government yearly, as it would, I conceive, avoid the friction, expense of establishment, keeping of accounts, and correspondence, &c., that would occur, if the pass or detective system were adopted for the import of toddy for Station consumption.

From the Dewan of Mysore, To the Officiating Resident in Mysore, No. 58—2,
dated Camp Mysore, 2nd April 1887.

With reference to your office letter No. 992—6486, dated 19th March 1887, I have the honor to state that the Durbar accepts the arrangement referred to in the concluding part of para 3, namely, that the Civil and Military Station share of the toddy revenue shall "be fixed at Rs. 16,706 per annum, inclusive of local cess, for the present contract, namely, from the 1st April 1884 to the 31st March 1887, and Rs. 17,229 per annum, inclusive of local cess, for the new contract from 1st April 1887 to 31st March 1890."

2. In regard to a rent for toddy trees referred to in para 2 of the letter under acknowledgment, it will be seen from the concluding part of my letter No. 49 of the 8th ultimo, that I never meant to press the claim. The Durbar will now waive it, so long as the Civil and Military Station share of toddy revenue is regulated on the principle of the settlement referred to in the preceding para.

No. 118-19—8, DATED 2ND APRIL 1887.

ORDER.—Copy of the above correspondence relating to the Civil and Military Station share of the toddy revenue is forwarded to the Deputy Commissioner of the Bangalore District and to the Comptroller for information and guidance.

2. It will be seen that the share of the Civil and Military Station has been fixed at Rs. 16,706 per annum, inclusive of local cess, for the three years from 1st April 1884 to 31st March 1887, and at Rs. 17,229 per annum, inclusive of local cess, for the period of the present contract from 1st April 1887 to 31st March 1890. The amount thus payable to the Resident's Treasury for the three years from 1st April 1884 to 31st March 1887 is Rs. 50,118, of which Rs. 30,000 have already been paid under the authority of order No. 7793—507, dated 24th February last. The Comptroller is requested to remit the balance of Rs. 20,118 to the Resident's Treasury as early as possible, and to arrange to pay into the Resident's Treasury Rs. 17,229 per annum during the next three years.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.
The Comptroller,

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 16th April 1887.*

READ THE FOLLOWING PAPER :—

Letter No. 2973—608, dated 5th March 1887, from the Deputy Commissioner, Hassan District, reporting upon a petition from Javali Narasimhachar of Gorur in the Hassan Taluk, complaining of the sale of certain lands which have been hypothecated to him.

CAMP No. 179, DATED OOTACAMUND, 16TH APRIL 1887.

ORDER THEREON.—In the year 1880, Venkataramanaiengar, Shanbhog of Kattaya Pirka in the Hassan Taluk, absconded, having misappropriated Government money to the extent of Rs. 818—4—7. For the realization of this money, his lands bearing Survey Nos. 116 and 98 situated in the village of Mukdanahalli and No. 94 and part of No. 100 in the village of Doranahalli, as well as his houses at Gorur and Hiriganahalli, were sold on the 15th September 1886, free of all encumbrances, under the orders of the Deputy Commissioner, and the sale realized Rs. 715—2—0, which has been credited to Government. Petitioner Javali Narasimhachar claims a prior lien on the houses and lands above referred to, with the exception of part No. 100 of Doranahalli village, under a registered deed of hypothecation executed by the absconding Shanbhog on the 14th March 1878. Petitioner also claims land part No. 100 of Doranahalli by purchase at a Civil Court sale. The Deputy Commissioner is of opinion that as the petitioner has not established his lien on the property sold, by suit in a competent Civil Court, the Government has a prior claim to the sale proceeds.

2. The Dewan is unable to concur in the Deputy Commissioner's view. The Government claim to recover embezzled Government money from an absconding Shanbhog cannot be regarded as a charge or lien upon any *particular* property belonging to him, or as having precedence over encumbrances on such property which may legally exist. Such a claim is in the nature of a debt recoverable from the general estate of the absconding individual. And in the present case therefore no more than the absconding individual's right, title and interest in the property in question should have been sold. But the Deputy Commissioner has caused the sale to be made "*free of all encumbrances*" apparently with the consent of the alleged encumbrancer Javali Narasimhachar. If such sale were now allowed to stand good on the ground of the encumbrancer's consent, the purchase money realized must be regarded as subject to any charges which he may be able to establish, by suit in a proper court of law, as attaching to the property sold. It is obviously undesirable that the Government should be a party to any such suit.

3. Under such circumstances, the Dewan hereby cancels the sale of the lands and houses in question, except land part No. 100 in Doranahalli village. The purchase money should be returned to the purchasers, and the right, title and interest of the absconded Shanbhog in the property should now be sold, *with due notice of the alleged encumbrance*, so that any purchaser who may come forward may be able to decide for himself what price to offer, with reference to what he may be in a position to prove against the *bona fides* of the alleged encumbrance.

4. In regard to land part No. 100 of Doranahalli, the Dewan is unable to find upon the record any confirmation of the petitioner's allegation that it was sold to him in execution of a Civil decree. If petitioner establishes his allegation before the Deputy Commissioner, the sale of this land will also be cancelled.

5. Vernacular proceedings are herewith returned.

R. VIJAYINDRA RAO,
Chief Secretary.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 14th May 1887.*

READ THE FOLLOWING PAPER :—

Docket No. 15, dated 8th April 1887, from the Deputy Commissioner, Hassan District, requesting instructions as to whether the concession contained in the last sentence of Clause 4 of Notification No. 242, dated 24th March 1884, *viz.* the privilege of the drawing of toddy by the planters for their domestic purposes, applies to holders of coffee lands both on permanent and 30 years' tenure.

CAMP No. 470, DATED OOTACAMUND, 14TH MAY 1887.

ORDER.—The concession referred to extends to coffee land-holders either on permanent or on 30 years' tenure. The express mention of "*Permanent*" coffee land-holders in Proceedings No. 682—4, dated 10th July 1885, cannot imply the exclusion of those holding on the 30 years' tenure.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Hassan District.
The Deputy Commissioners of the Mysore, Shimoga and Kadur Districts.

READ THE FOLLOWING PAPER :—

Letter No. 133 of the 11th May 1887, from the Superintendent of Revenue Survey.

No. 909-18—8, DATED 25TH MAY 1887.

ORDER THEREON.—The approaching completion of the operations of the Revenue Survey Department renders it necessary that the strength of the field establishments should be gradually reduced. The Superintendent of Revenue Survey is accordingly requested to take measures for carrying out such reduction as opportunity occurs. The selection of officials for retirement should be carefully made by the Superintendent, so as not to entail unnecessary pensionary liabilities on the State.

2. Such of the officials as have not completed service for half pension and are quite able to serve longer with advantage to the State should, as far as possible, be employed in other Departments.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent of Revenue Survey.
The Deputy Commissioners of Districts.
The Comptroller.

Letter No. 70, dated 3rd May 1887, from the Deputy Commissioner, Bangalore District.

ORDER THEREON.—Under clause (b) of Condition X of the Notification dated 31st December 1886, license fees and fees on excess sales in the case of retail arrack shops outside the City and the Civil and Military Station of Bangalore were abolished from 1st April 1887. Deputy Commissioners are requested to submit at an early date a statement in the accompanying form for the three years ending 31st March 1887, showing all inamdars in their Districts who, under the terms of their sannads, have a distinct right to distil, and who, under the orders conveyed in the late Chief Commissioner's * letter No. 1183—25, dated 27th June 1866, have been in receipt of the fees in question.

* Vide page 217 of the old Revenue Manual, 1874.

THE FOLLOWING PAPERS :—

Letter No. 3224—640 of the 24th March 1887 from the Deputy Commissioner, Hassan District.

Letter No. 586, dated 27th March 1887, from the Deputy Commissioner, Tumkur District.

No. 1060-7—15, DATED 30TH MAY 1887.

ORDER THEREON.—The right of an occupant to land in his occupation included in mining lease cannot determine except by contract between him and the mining lessee. So long as the lessee does not acquire the occupant's rights by purchase the latter's name must be borne in the Government accounts and the latter is also liable to pay the kandyann. In default of payment by the latter he should be called upon to pay under the terms of his lease.

2. Mining leases are executed on the distinct understanding that the lessee acquires the rights of occupants and inamdars in lands included in the lease. The lessee should be called upon to acquire them accordingly.

2. *Receipts.*—Since the abolition of the octroi in the Civil and Military Station from the 1st April last, the City Municipality has been allowed in Dewan's Proceedings No. 8281—789, dated 23rd March 1887, to continue the levy of the tax within its limits as it cannot at present substitute any other tax in its place. The estimate of Receipts under the head is, however, the same as that in the past year when a third of the entire collections from the tax in the Civil and Military Station and the City was credited to the latter. The increase expected in the income from house tax is owing to the recent extension of the Municipal limits to include Gavipuram. The enhanced estimate under "Fines" is due to the increase anticipated from fines under the Octroi Rules. The recent abolition of the Middle School Class in the Central College is calculated to increase the strength of the City Municipal English School, hence the income from school fees is estimated at Rs. 2,500 or Rs. 200 more than in the past year. The estimates under a few of the other heads of Miscellaneous Income also exhibit an increase of Rs. 630. On the other hand, there is a decrease of Rs. 5,600 under "Land Revenue" in consequence of the past year's estimate having included arrears of the revenue of previous years while the present estimate provides for the current year's demand under the head.

3. The anticipated opening balance is Rs. 5,000 against Rs. 14,000 in 1886—87. Inclusive of this, the gross revenue is estimated at Rs. 96,880; and the proposed expenditure, which is the same as the estimated receipts, amounts to Rs. 91,880 being Rs. 5,023 less than that in the past year.

4. *Expenditure.*—The increases provided for under expenditure are noted in the margin. The provision made in the budget submitted for octroi charges is Rs. 3,600; this should be raised to Rs. 4,800 as directed in Dewan's Proceedings No. 8281-3—789 of 23rd March last. The increase of Rs. 180 under house-tax is explained to be due to the proposal to raise the pay of the Collector and Ex-officio Manager of the office from Rs. 85 to Rs. 100

per mensem "owing to the additional work that will devolve on the Department after the management of the octroi collections is taken over by the City Municipality". This extra charge, if deemed absolutely necessary, should be debited to the provision of Rs. 4,800, referred to sanctioned for the Octroi Establishment, details for which are awaited for formal sanction. The new provision of Rs. 1,070 made on account of the branch Dispensary recently opened by the Municipality near the market is passed.

5. The decrease in the estimates of expenditure is chiefly under the head Public Works under which the proposed outlay amounts to Rs. 22,076 against Rs. 25,176 in 1886—87. This is allowed subject to the necessary estimates and notifications of sanction for works being submitted as usual in due course.

6. The allotment under the head of Maternity shows a net decrease of Rs. 218

as per marginal details. It will be seen that the provision made last year for a head midwife on Rs. 12 per mensem has been omitted for the current year and the pay of Rs. 10 per mensem sanctioned to the pupil raised to Rs. 15, an extra provision of Rs. 650 having been entered for contingencies including country medicines. With regard to the Pettah Civil Dispensary, the contingent expenditure has been reduced by Rs. 754 and a compounder on Rs. 10 per mensem added, the charge on account of the Assistant Surgeon being raised to Rs. 2,400 per annum. These alterations are approved.

READ THE FOLLOWING PAPER :—

Letter No. 2629, dated 3rd November 1886, from the Comptroller.

No. 887-8—24, DATED BANGALORE, 21ST MAY 1887.

ORDER THEREON.—As observed by the Comptroller, the special rate of batta amounting to a moiety of pay allowed to Dafadars and Siladars of the Savar Department when deputed on war service outside the Province, cannot be given effect to for tours in times of peace. Officers and men of the Savar and Barr Departments are not entitled to any batta or travelling allowance for travelling on duty within the Province of Mysore. When travelling outside the Province on public service other than war service, they will be entitled to travelling allowance usual in other Departments of the State. The Military Secretary will be requested to submit a classification of Military officers for purposes of Section 4 of the Travelling Allowance Code.

2. The bill received from the Military Secretary with letter No. 641, dated 10th August 1886, is in accordance with existing practice and is sanctioned accordingly. Future claims for travelling allowance will be dealt with in accordance with the preceding paragraph.

Letter No. 1445—27, dated 16th March 1887, from the Chief Judge in Mysore forwarding for orders copy of correspondence regarding the condonation of the break in the service of Mr. Seshagiri Rao, Munsiff of Chikballapur, caused by his resignation in March 1885, when he held the appointment of a Clerk in the Surgeon's Office.

Comptroller's letter No. 128, dated 15th April 1887, reporting upon the subject.

No. 925 34—6, DATED BANGALORE, 22ND MAY 1887.

ORDER THEREON.—There is no express provision in the Civil Pension Code under which the break in Mr. Seshagiri Rao's service can be condoned. Section 102 does not apply as the break is more than 12 months, and under Section 115, the period of the break in question, during which he practised as an Advocate, can only be added to his subsequent service for the particular purpose of that section. The section last quoted however recognizes the value of the special training acquired by practice as an Advocate. The circumstances under which selections for the Mysore Judicial service are made, render it advisable that the period of practice as an Advocate should to some extent be recognized, not only in the case of an individual who, without any previous Government service, enters the profession of the law and is afterwards appointed to the Government service, but also in the case of one who gives up the Government service to enter the legal profession and afterwards reenters the Government service.

2. Under such circumstances, the Government of His Highness the Maharaja direct the following addition to Section 102 of the Civil Pension Code :—

“(c). The Government may condone any interruption, not exceeding 3 years, in the service of an officer, if during the period of such interruption, he was actually practising as a Pleader or Advocate.”

3. The break of 1 year and 4 months from March 1885 to June 1886 in the service of Mr. Seshagiri Rao is hereby condoned under the Ruling above sanctioned.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 7th May 1887.

AND THE FOLLOWING PAPERS :—

Letter No. 55, dated 19th March 1887, from Mr. Madiah, Town Magistrate and Municipal Vice-President, Mysore, to Mr. C. Raghavachariu, Superintendent of Police, Mysore District, regarding the withdrawal by the latter officer of the Police Guard at the Municipal office at Mysore.

"Memo in reply," dated 19th March 1887, from the Superintendent of Police, Mysore, to the Town Magistrate of Mysore.

Letter No. 56 of the 22nd March 1887, from the Town Magistrate, Mysore, to the Deputy Commissioner, Mysore District.

Letter No. 147 of the 26th March 1887, from the Vice-President, Mysore Municipal Board, to the Chief Secretary, forwarding a copy of the Board's Resolution in regard to Mr. Raghavachariu's conduct in the matter referred to in the above correspondence.

Letter No. 850 of the 30th March 1887, from the Deputy Commissioner, Mysore District, to the Chief Secretary.

Letter No. 2386, dated 31st March 1887, from the Chief Secretary to the Inspector General of Police, requesting that explanation may be called for from Mr. Raghavachariu in the matter.

Letter No. 121—3, dated 7th April 1887, to the Deputy Commissioner of Mysore, requesting that Mr. Madiah's explanation may be called for in regard to the objectionable passages in his letter No. 56 of the 22nd March 1887.

Letter No. 206—24, dated 23rd April 1887, from the Inspector General of Police, forwarding Mr. Raghavachariu's explanation.

Letter No. 32, dated 7th April 1887, from the Deputy Commissioner of Mysore, forwarding Mr. Madiah's explanation.

CAMP No. 325—6, DATED OOTACAMUND, 7TH MAY 1887.

ORDER THEREON.—The Dewan shares the Inspector General's disappointment at Mr. Raghavachariu's explanation, which is completely unsatisfactory and without any redeeming feature whatsoever. Mr. Raghavachariu showed the want of the most ordinary courtesy and official etiquette in proceeding to withdraw the Police Guard at the Municipal office without consulting Mr. Madiah, and the mode in which he attempted to carry out such withdrawal was unbecoming an officer of his position. The Dewan agrees with the Inspector General in thinking that the form, the language, and the matter of Mr. Raghavachariu's "Memo in reply" endorsed on Mr. Madiah's letter are utterly inexcusable. The intemperate and objectionable language used was not justified by anything contained in Mr. Madiah's letter.

Under such circumstances the Government of His Highness the Maharaja will place on record its grave displeasure at Mr. Raghavachariu's conduct in this matter, and it directs that he be required to withdraw the said "Memo in reply" and to make a suitable apology to Mr. Madiah for his conduct. The Inspector General will, if it becomes necessary, decide the terms in which such apology shall be made.

2. Mr. Madiah, in complaining to the Deputy Commissioner of the Mysore District of Mr. Raghavachariu's conduct, used

*Passages marked A and B in letter No. 56, dated 22nd March 1887, language which was inexcusable. Mr. Madiah being called upon to explain these passages, expresses his regret at having allowed himself to write them in a moment of irritation and under a sense of injury, and he tenders his apology for writing them and begs to be permitted to withdraw them. The Government accepts this apology and directs that the objectionable passages be expunged from the correspondence.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General);—dated 7th May 1887.*

3. Mr. Raghavacharlu, in his letter to the Inspector General submitting his explanation, expresses his regret that the action of the Mysore Municipality in censuring him has been left unnoticed by the Government. There is nothing in the Proceedings of the Municipal Board which shows that they intended to censure Mr. Raghavacharlu in the manner that a superior officer censures a subordinate officer. The Board recorded a protest at what they considered Mr. Raghavacharlu's "rash and inconsiderate manner," and submitted a copy of that protest as a complaint against that officer's conduct.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Police, for communication
to Mr. Raghavacharlu and needful action,
The Deputy Commissioner, Mysore District, for information and
for communication to Mr. Madiah and to the Municipal Board of Mysore.

From the Inspector General of Registration, To the Chief Secretary to the
Dewan of Mysore, No. 40—35, dated Bangalore, 29th April 1887.

In the Madras Presidency the registration machinery is being utilized to a certain extent for

"In every case of complete conveyance it should be made the duty of the Sub-Registrar to ask the parties whether they desire to have transfer of Revenue Registry effected at the same time; if they express consent, he should allow them to execute before him, on printed forms supplied for the purpose, the necessary application to the Revenue authorities, and should transmit it to the Tahasildar. The Tahasildar should accept the application as proof of the consent of the parties necessary for the transfer of registry for revenue purposes, and should give effect to it as far as the particulars of holdings given are found correct. If, in the case of any instrument other than absolute conveyance, the parties desire transfer of revenue registry, the same procedure should be followed."

the registration of land transfers required for revenue purposes. The orders of the Madras Government on the subject are as given in the margin. This work is, I learn, done without any extra cost to the parties. And I know that the plan works very well. The Deputy Commissioners whom I have consulted on the point are uniformly in favor of the adoption of the same plan in this State. They say that it will avoid delay and prevent much annoyance of the petty revenue officials. I therefore beg strongly to recommend it for the sanction of Government.

CAMP No. 387, DATED OOTACAMUND, 10TH MAY 1887.

ORDER.—Approved. The transfer proposed should be strictly regulated by the terms and conditions of the Madras Government Rule quoted by the Inspector General of Registration. A notification should be submitted for publication.

Chief Secretary.

To—The Inspector General of Registration.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 17th May 1887.*

READ THE FOLLOWING PAPERS :—

Letters from the Inspector General of Forests and Plantations in Mysore, Nos. 62—3 and 178—11,
dated 13th and 23rd April 1887, respectively.

CAMP No. 522, DATED OOTACAMUND, 17TH MAY 1887.

ORDER THEREON.—The conduct of Mr. Russell, Superintendent of Forests, Mysore District, as reported by the Inspector General of Forests in the letters read above is, in the opinion of the Government, highly unsatisfactory. Mr. Russell's docket No. 455, dated 30th March 1887, betrays a want of powers of discrimination and at the same time an oversensitive disposition. The tone and language of his letter No. 2, dated 31st March 1887, border upon insubordination to his superior officer. His letters No. 431, dated 23rd March, and No. 1, dated 31st March 1887, show that he has fallen into an unfortunate habit of withholding loyal obedience to the orders of his official superior. The Inspector General's letter No. C.—1, dated 26th February 1887, shows that Mr. Russell greatly neglected his important duty in the collection of decayed sandalwood. Mr. Russell's letter of the 15th April 1887, No. 13, and his conduct as therein reported are grossly insubordinate.

2. Under such circumstances, it is the painful duty of His Highness the Maharaja's Government to place on record its grave disapproval of Mr. Russell's conduct. Such conduct must ordinarily involve the suspension or degradation of the officer guilty of it. But having regard to the fact that Mr. Russell is comparatively a junior officer, inexperienced in official etiquette, the Government abstain on the present occasion from awarding him the punishment which his conduct merits, and will only warn him that any repetition of conduct such as that now brought to notice will be very severely noticed.

3. Every subordinate officer has doubtless always the right to place his opinions and views before his official superior, but he is bound to do so in a becoming tone and in no insubordinate spirit. He must always loyally carry out orders, whether they be in accord with his own views or not, submitting to his superior officer, whenever necessary, a respectful representation of his own views and opinions.

4. The Inspector General of Forests recommends that Mr. Russell should be placed under the Deputy Commissioner. Under the orders contained in Proceedings No. 619—19, dated 27th April 1881, all Forest officers are placed under the Deputy Commissioners of the respective Districts, and if any exemption from this rule has been granted in the case of Mr. Russell, the Inspector General is requested to quote the orders on the subject.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Forests and Plantations in Mysore
for communication to Mr. Russell

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 17th May 1887.*

From the Deputy Commissioner, Shimoga District, To the Chief Secretary to the Dewan of Mysore,
No. 570—R. 552, dated Camp Shikarpur, 15th January 1887.

I have the honor to represent that the time has arrived for a definite solution being given to the question whether Nagar is to be retained as the Head-quarters of the Taluk or whether the offices are to be shifted to Kallurkatte.

2. The Executive Engineer, Shimoga Division, is, with the approval of the Educational Secretary, preparing a project for a new school house for Nagar Taluk, and he is also preparing an estimate for urgent repairs to the Taluk Cutcherry at a cost of Rs. 3,000. I have requested him that costly constructions and repairs may be held in abeyance until the decision of Government is known regarding Nagar being kept up as the Head-quarters of the Taluk.

3. I have made myself thoroughly acquainted with all parts of the Nagar Taluk. I have seen the ghat roads leading from Mysore into Canara and have held repeated conferences with the people of the Taluk. All are agreed that Nagar is badly situated, has no trade, and is extremely unhealthy and they are also conscious of the superior advantages of Kallurkatte from its situation at the head of two ghats, and in the midst of a comparatively open country abounding in springs only a few feet below the surface. This station is daily growing in importance as a trade centre and has the advantage, in an administrative point of view, of being situated centrally with reference to all parts of the Taluk.

4. The only objection to abandoning Nagar is based on sentiment.

5. Both from temperament and from my studies, I should be the last person to advocate any policy that was likely to lead to the neglect or injury of ancient and historical monuments or places. But there is hardly any thing to preserve in Nagar. With the fall of the Keladi dynasty, the glory of the place departed and what little of its architecture and monuments was left was destroyed by the rabble in the rebellion of 1831. The question therefore resolves itself to this, whether in spite of administrative, sanitary and trade inconveniences, Government shall, simply from sentimental considerations, allow thousands of rupees to be spent in improving the Government buildings in a fast decaying place like Nagar with the sure prospect of having to abandon it sooner or later, or whether it shall, while there is yet time to do so, once for all adopt as the Head-quarters a place possessing all the requisites for a central station and which is fast rising into importance.

6. It may not perhaps be out of place to remind those who are opposed to the transfer on sentimental grounds, that Nagar itself is the third place in which the Keladi dynasty have held their Court. The transfer to Nagar would appear to have been prompted by precisely the same considerations as those under which the transfer to Kallurkatte is now applied for. At that time the conquests of the Keladi dynasty had extended to what is now known as Canara, and Nagar, under the altered circumstances, was a better centre than Ikkeri.

7. In this connection I beg to give below an extract from a letter of Colonel H. M. Elliot No. 256, dated 19th July 1865, addressed to the Commissioner of Nagar Division, regarding the value of Nagar as a Head-quarter when advocating certain territorial changes in 1866.

"Many objections would of course be raised by the inhabitants of the Town of Nagar and it may seem a pity that a place which has become historical should be forsaken, but under the circumstances it could not be helped. Even were the Nagar Taluk to remain in *status quo*, it would be better to establish a new Head-quarters for it as it unfortunately lies on the high road to nowhere, it is isolated in a corner and very inaccessible, a place of no trade, going rapidly into ruins and decay and will soon be a wild jungle, the resort of beast of prey."

8. I beg to request the favor of an early reply to this reference.

From the Deputy Commissioner, Shimoga District, To the Chief Secretary
to the Dewan of Mysore, No. 39—R. 38, dated 18th April 1887.

In reply to your dockets Nos. C 1979 and C 2295, dated 15th and 30th March respectively, forwarding for opinion a protest from the inhabitants of Nagar against the transfer of the Taluk Cutcherry to Kallurkatte, I have the honor to append a memo showing the objection of the petitioners and the Amildar's replies to them.

2. I may state here that I was for a long time myself unwilling to recommend a transfer and it was after long and anxious consideration of all the *pros* and *cons* of the question that I finally came to the conclusion that the transfer of the Taluk Cutcherry to Kallurkatte was necessary both in the interests of Government and of the public.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 17th May 1887.*

3. The owners of house property will suffer to some extent but except in the case of one or two Salukars, the houses are not of much value and could be easily removed to Kallurkatte. I quite agree with the Amildar that there have been no attempts on the part of outsiders to come and settle in Nagar.

4. The residents of the place will no doubt be put to expense, trouble and annoyance in trying to accommodate themselves to the altered state of things when the Head-quarters of the Taluk are removed to Kallurkatte, but I am persuaded that a little inconvenience at the outset will be amply repaid by the continued health and prosperity that will attend a change to that place. I believe even the long settled residents of the place are not exempt from periodical attacks of fever, and as regards officials I am constantly troubled with applications for transfer and leave from them. My belief is that when once Kallurkatte is made the Taluk Head-quarters, it will prove to be the healthiest station in the District and will be eagerly resorted to by the officials and the people.

5. I may repeat in conclusion that I have not the least hesitation in recommending the transfer to Kallurkatte as one of advantage from every point of view.

6. The petition received with the above and the Amildar's * report thereon and a † petition from the inhabitants of Kallur, with a brief translation, are herewith submitted.

* No. 2, dated 11th April 1887.
† Registered No. 198, dated 1st January 1887.

**Abstract Translation of the Petition, dated 1st January 1887, Registered No. 198, of the
Merchants, Salukars and other Ryots of the Nagar Taluk.**

Nagar is not situated in the centre of the Taluk. It is bounded on the south by the Hyderghar ghat at a distance of 9 miles, on the east by the same ghat at a distance of 19 miles, on the west by Lakshminipur ghat at a distance of 12 miles and on the north by Mosrur and Benavalli villages. It is in a corner and is somewhat like a village. Trade is not extensively carried on here. It is very inconvenient for ryots as they have to travel a long distance, remain there for sometime and then fall sick. There has been a gradual decrease in the population.

Kallurkatte is very convenient for carrying on trade, for it has access to 2 or 3 ghats. The climate of this place is good for all as it is situated in a somewhat plain country. Some of the merchants have an idea of settling themselves here. It is in the centre of the Taluk. It is bounded on the east by Benavalli country at a distance of 18 miles, on the west by Lakshminipur and Jala country at a distance of from 9 to 12 miles, on the south by Hyderghar ghat at a distance of 18 miles and on the north by Patguppe, Harthal and Kiruvargi country at a distance of 12 miles. It affords every facility for ryots and other people to come and go. If the Taluk Cutcherry is to be established there, it would rise to importance. We hear that the former officers also had entertained an opinion of shifting the Taluk Cutcherry to Kallur. We request that orders may be passed to establish the Taluk Cutcherry at Kallurkatte in the interests of the ryots and other people.

**Translation of the Petition of the inhabitants of Nagar and the Nagar Amildar's
ittilla thereon.**

Petition.

Para 1. As there was no suitable building for the Dispensary, we subscribed Rs. 500 and requested the Government to have a new building constructed for it. Accordingly the project was sanctioned and the work was given out on contract. We now hear that the Public Works Department has ordered the stoppage of the construction of the Dispensary owing to the contemplated transfer of the Taluk Cutcherry from Nagar to Kallurkatte.

Para 2. We hear that the representation of the officials of the Nagar Taluk to get a transfer is being supported by the Deputy Commissioner. The officials here have not been saying that Nagar is a sickly place and Kallurkatte a good and healthy one. They have not been saying that they are willing to go to any other Taluk

Amildar's Ittilla.

Para 1. The work to the extent of Rs. 500 subscribed by the townspeople for the Dispensary is now required to be done. Though there may be a difference of opinion as to whether the Dispensary should be built at Nagar or Kallurkatte, yet it seems to me that it would be very convenient and useful for all people if one at Nagar and another at Kallurkatte were built.

Para 2. The fact of many of the Taluk officials with their families falling sick and then going out for a change to get restored to their former health after suffering for a very long time, and also of the fact of many officials falling sick now and then to the detriment of the Government work and thereafter trying to

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 17th May 1887.*

if they are transferred. The majority of the officials are outsiders. Some of them wish to have a transfer on the ground that they have not got their relations, and some on the ground that the place is distant to their native place. They apply for transfer to a Taluk which is agreeable to them. If they are transferred to Taluk to which they wish to go, they would go. If not, they say they would remain in Nagar till that time. These officials have been here for the last 6, 7, 8 or 9 years. In one instance when an order was received enquiring whether any one may be willing to go to Shikarpur, nobody consented to go. I leave it to the Government to see that while they ask for a transfer from Nagar, they would or would not ask for the same if the Taluk Cutcherry is transferred to Kallurkatte.

Para 3. Nagar is not a sicklier place than Shikarpur and the other Malnad Taluks of Tirthahalli, Sagar and Sorab. This fact may be testified to by a reference to the accounts of the Dispensary. This year there has been no disease in Nagar.

Para 4. From a perusal of the baravards of this Taluk along with those of the other Taluks for 10 years, it will be seen in what Taluk there has been a large number of vacancies among officials. Not a single official died. A shroff who died some 7 or 8 years ago was a native of this place.

Para 5. There are large temples and other buildings in Nagar. There is every convenience for water and also accommodation to ryots and others coming to Nagar on Government duty. The opening of the Hydergher ghāt road has since rendered the climate better. Owing to this good climate, many people from South Canara, Hosangadi, Siddapur and other places have come and settled themselves here and have been carrying on trade. They have also built houses at a cost of Rs. 100, 200 and even 300. Some people are even now building houses. They have also been obtaining building sites. Some of the people have ceased to build their houses owing to the contemplated transfer of the Taluk Cutcherry to Kallurkatte. If it should be sanctioned to construct a new Taluk Cutcherry, a Dispensary and a School, the same would give a stimulus to many to construct a larger number of houses, thereby increasing the population.

Para 6. We request that the subject may be taken in a favorable view and the retention of the Taluk Cutcherry at Nagar, which was once the capital of the old Rajas, may be ordered. We beg further to represent that we humbly take this opportunity of basing our present request on a promise graciously held out by His Highness while here last time.

get a transfer would speak to the climate of Nagar being not at all good. Besides in my enquiry, it has been ascertained that the population is day by day decreasing which is attributed to the bad climate of the place.

Para 3. The very fact of the officials transferred to Nagar not being willing to come to Nagar clearly shows that they fear to undergo the sufferings arising from the unhealthiness of the place.

Para 4. It is true that many officials did not die; but the expenses and trouble which they underwent to get restored to their former health by going out for a change were great.

Para 5. It is true that Nagar possesses large temples and other buildings. But I do not see why the Taluk Cutcherry should not be held in a place which is in every way suited to the officials and to the general public. It does not also appear from the reasons assigned by the petitioners that it is inconvenient for the people coming from outside to build houses at Kallurkatte. I have not heard any man having come to Nagar for building houses, nor is there anything on record to show that fact.

Para 6. While His Highness had been here last time, a question had arisen about this matter. It appears that it was then settled that the transfer of the Taluk Cutcherry was not under contemplation; but it should not be inferred from this that the Taluk Cutcherry should be retained at Nagar permanently.

Opinion of the Amildar.

It is nearly upwards of 4 years since I have come to this Taluk. The town of Nagar is situated in such a low position that it does not permit of any improvement being satisfactorily effected on the sanitary condition of the Town. It is customary with many of the people here to go

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 17th May 1887.*

out when they fall sick and return after getting restored to their former health. Doctor McGann, the Senior Surgeon, who had come here a few days ago, also inspected the Town and expressed his opinion that the town is not a healthy one. Many of the Shekdars and other officials fall sick now and then. It is clear from Government records that since 1832 the town has been gradually falling into ruins. Many houses have since come down and the population has gradually decreased. Considering all these points, it seems to me that Kallurkatte would be a better place for holding the Taluk Cutcherry. There are 6 public roads around it. It is a trade centre. A fair is being held every Saturday. It is in the centre of the Taluk, while Nagar is in a corner. It is very healthy as it is situated on a high ground, round which there is a Maidan country. I hear that some of the former officers were in favor of a transfer to Kallurkatte. I am also of the same opinion as the transfer would be of great convenience to the people.

No. 809-10—22, DATED BANGALORE, 17TH MAY 1887.

ORDER THEREON.—After careful consideration of all the arguments that have been advanced for and against the transfer of the Head-quarters of the Nagar Taluk from Nagar to Kallurkatte, the Government is of opinion that the interest of improved administration and the convenience of the great majority of the inhabitants of the Taluk demand that the Taluk Cutcherry should be removed from Nagar to Kallurkatte. This decision will be communicated to the Public Works Department in view to the early construction of a suitable Cutcherry at the latter place. The Deputy Commissioner will proceed to select a site for it in every way suitable and convenient.

Letter No. 2, dated 2nd April 1887, from the Deputy Commissioner, Kadur District.

No. 555, DATED CAMP MYSORE, 19TH MAY 1887.

ORDER THEREON.—The Dewan concurs in the view of the Deputy Commissioner that the Shekdars in the Malnad Taluks of the Kadur District deserve higher pay than Rs. 10 a month which is now the scale of the 3rd class Shekdars, and it is not a matter of surprise that the present staff drawing this salary is far from efficient.

2. The Kadur District now contains 32 Shekdars' divisions, of which only 6 are first class, where the Shekdars draw Rs. 20 a month, and 9 second class with pay Rs. 15, the rest being third class divisions. To secure competent men, the Deputy Commissioner recommends increase of pay, namely Rs. 20 a month all round, this in the opinion of the Dewan is not necessary, it will suffice if the Shekdars in the purely Malnad tracts receive Rs. 20 a month, the rest receiving according to the present scale. He will be requested to submit a list of these Hoblis arranging them accordingly.

3. The chief objection of the Measurers to accept 10 rupee Shekdarship appears to be based upon 10 rupee appointments being inferior service not eligible for pension. With the larger number of Shekdars of higher grades now allowed, it is believed that the Deputy Commissioner will be able to attract competent Measurers to the Shekdar service of his District. The scale of Shekdars' pay in Mysore and Kolar remains unaltered.

Letter from the Deputy Commissioner, Tumkur District, No. 591, dated 29th March 1887, regarding the recovery of rent due for the occupation of Government buildings.

CAMP No. 576—84, DATED OOTACAMUND, 19TH MAY 1887.

ORDER THEREON.—The Proceedings of the Dewan in the Public Works Department dated 23rd July 1884, No. 2802—33, direct that the collection of all rents paid by the occupants of Government buildings will rest with the Public Works Department; and this rule it is not intended to modify. When a default, however, is made by a tenant in the punctual payment of the rent, the procedure in the case of tenants other than public servants must necessarily be through competent Courts for the recovery of arrears; in the case of public servants, the case is, however, different; the Government being a debtor to them in the amount of their pay, the arrears of house rent might quite legally be set off against that amount, and the Deputy Commissioner of the District, as representing the Government in the District, must look upon the arrears as Government demand whether the sum is credited to the Public Works or General Revenue, and assist in its recovery by deducting it from the pay of the official. There is nothing inconsistent or anomalous in the procedure, as the Deputy Commissioner presumes.

2. As regards the control and supervision over these buildings when unoccupied, the present rule vesting the charge of them with the Revenue Department is only a temporary arrangement; but whatever may be the final decision on this point, the Deputy Commissioner must recognize the fact that he is responsible, as chief representative of Government in the District, for the safety of all Government property in it.

Letter No. 42, dated 22nd April 1887, from the Deputy Commissioner of the Bangalore District.

CAMP No. 587, DATED 19TH MAY 1887.

ORDER THEREON.—The following procedure shall be observed in regard to the disposal of applications for additional arrack shops in any place :—

- I. When the Amildar of a Taluk is of opinion that an additional arrack shop should be opened in a village, he should report the circumstance to the Deputy Commissioner of his District, who, if he sees no *prima facie* objection, will require the Special Assistant to the Deputy Commissioner of Bangalore in the Abkari Department to report the actual consumption of liquor in the village and the necessity for a new or additional shop. After receipt of such information, the Deputy Commissioner will decide whether a new shop is required and pass his orders accordingly.
2. The opening of a new shop, the need for which is not indicated by the sales in the neighbourhood, can only tend materially to reduce the profits of the old retail vendors. It must also be borne in mind that the object of Government is only to meet the actual requirements of the public, and not to create any demand for liquor.

No. 1986.

MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE,
Camp Ootacamund, 13th May 1887.

From

LIEUT.-COL. C. BOWEN, R. E.,
Secretary to the Govt. of Mysore,
P. W. Department.

To

The Deputy Commissioner, Kadur District.

SIR,

In acknowledging the receipt of your letter No. 178—1 of 28th ultimo, reporting on the results of the tentative scheme of tank repairs by ryots introduced last year, I am to express the Dewan's regret that the efforts of the Amildar of Kadur have so far met with but scant success.

2. That there would be more or less factious opposition to the enforcement of "mamul" which had long been allowed to fall into disuse, was to be expected, but it was hoped that judicious persuasion and the influence which an Amildar can bring to bear throughout his Taluk would soon induce the ryots to come forward and assist willingly in the re-establishment of an old custom which is as much to their own direct interests as to the interests of Government.

3. It was perhaps unfortunate that the Amildar should at the outset have selected for trial a tank on which the work to be done was comparatively heavy, but on the other hand, it may be said that work once successfully carried out by the ryots to such a tank, it would stand as an example to other villages of what can and must be done, and would impress upon the people that Government are in earnest in their endeavour to enforce once again what is but an old "unwritten law"—a law which, once the first strain of labor over, will not, if fairly obeyed, press with undue heaviness on the ryots concerned.

4. That the tanks in your District have been neglected for years, as noticed by the Assistant Commissioner and yourself, is but too apparent from the fact that a tank yielding a revenue of Rs. 300 or less should require earthwork and turfing to the value of Rs. 2,000 to bring it up to a reasonable condition of safety. But, whilst it may be admitted that various from causes, irrigation in the Kadur District has not in recent years received its fair share of attention from the Administration, this distinctly goes to show that the present generation of ryots have egregiously evaded the formerly recognized duty of maintenance which their predecessors must have faithfully performed for centuries. You say that now the villagers do without much grumbling the keeping in order of the bunds, recognizing the same as their own duty, but this, it would appear from the lamentably impaired condition of the tanks and channels, is exactly what they do not do, or at all events have not done for many years past, and it is to the enforcement of their duty in this respect that the Dewan hopes that earnest attention will be given in future by all Revenue and Public Works Officers.

5. The natural consequence of the neglect of years has been that, now that effective periodical maintenance up to a defined standard is to be insisted on, there must in the first instance fall upon the ryots a considerable amount of earthwork

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),--dated 12th May 1887.*

that would not have been required had they but carried out year by year continuously a very moderate amount of such work. It is therefore not inequitable that they should now be called on to make good the same, and the mere fact that Government are restoring or improving the larger tanks, on which more important interests and larger revenue depend, is no argument against the ryots fulfilling their hitherto neglected obligations in regard to the small ones. Such improvements once carried out, the rigid *maint nance* by the ryots of these larger tanks too is to be stringently enforced, and in the case of the smaller ones, it must not be forgotten that Government are quite prepared to execute all the stonework and masonry necessary—it is only the earthwork and turling that they look to the ryots to perform. Any tank once brought up to standard is to be periodically repaired by the ryots themselves and this obligation cannot too strongly be impressed on all concerned.

6. With advertence to the suggestion that the hands of the Executive be strengthened by laying down a rule making it lawful to employ hired labor to do the work of a refractory ryot and to recover the cost of the same, a Deputy Commissioner is empowered so to act in the case of factious opposition. It is, however, necessary to add that this course is only to be resorted to when milder measures have failed.

7. In conclusion, I am to say that now that work has been started and is in progress on some few tanks, it is hoped that opposition will ere long fall through, and that it will become feasible to gradually extend this system to other taluks and bigger tanks, an aim which the Dewan trusts you will direct the Amildar to keep steadily in view. I may add, for your information, that objections, opposition and prejudices similar to those you allude to have also been encountered in other Districts by the Amildars charged with the introduction of this scheme. These, however, are by degrees diminishing, and it is hoped that they will before long entirely disappear, when the ryots come to realize that it is mainly for their own benefit that this work is demanded from them. Government not being in a position, financially or physically, to perform it unaided.

I have the honor to be,

Sir,

Your most obedient Servant,

C. BOWEN, LIEUT.-COL. R. E.,

Secretary to the Government of Mysore, P. W. D.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th May 1887.*

Note dated 3rd May 1887, by Public Works Secretary on Preliminary Issue of the Public Works Department Budget Estimates for 1887—88.

The budget estimates of the Public Works Department for 1887—88 aggregate Rs. 22,28,000, or Rs. 2,88,000 more than the final grant for 1886—87. These estimates are to be met from the following 4 distinct funds:—

Rs.		
15,00,000	..	from the Provincial Funds.
4,58,000	..	„ District Funds.
2,00,000	..	„ Provincial Irrigation Funds.
70,000	..	„ Palace Funds.

In addition to these grants, certain allotments will also be required from Local Funds General or from the accumulated assets to credit of the District Funds, to meet the charges for a few very desirable works which cannot otherwise be provided for.

PROVINCIAL BUDGET.

The grant for this budget has been fixed at 15 lakhs, being Rs. 2,30,000 more than that for 1886—87. The distribution of this amount over the several budget sub-heads will be found in Abstract I.

2. *Original.*—Under “Military” a sum of Rs. 22,000 has been provided for the 3 new works entered in the detailed budget at the instance of the Military Secretary. The works are necessary for the proper housing and stabling of the Mysore Troops, the old huts at some of the stations being at present in a dilapidated and unsanitary condition, whilst stable accommodation for the Siladar horses at Bangalore is insufficient.

3. Under “Civil Buildings,” Rs. 1,45,000 has been provided. Of this amount Rs. 86,500 has been allotted for major works, and Rs. 58,500 for minor works. Of the former sum, upwards of Rs. 20,000 will be absorbed for Dispensaries, the utility of which cannot be questioned, and for medical accommodation, which the Senior Surgeon considers very necessary for the proper working of the Civil Hospitals or kindred institutions. Rs. 9,000 go to Educational buildings, the extension of which must increase with the spread of education, and Rs. 23,000 to meet the requirements of the Revenue, Judicial and Anche Departments. Rs. 20,000 are allotted for the new Public Offices at Mysore, and Rs. 5,000 to complete the restoration of the Dariya Daulat at Seringapatam. For minor works of this class, the provision made, Rs. 58,500, is unusually heavy, but it includes a lump sum of Rs. 40,000 for new Police Stations and Lines all over the Province, the necessity for which has been strongly and persistently urged by the Inspector General of Police, and it must be admitted that proper accommodation in selected localities is really essential to the discipline and efficiency of an organized Police force scattered over the country.

4. The details for irrigation works will be found in the Provincial Irrigation Fund budget. The total charges under this head, which amount to Rs. 7,62,500 (*viz.* Rs. 6,10,000 for works and Rs. 1,52,500 for establishment), will as usual be treated as a grant-in-aid to that budget from “Provincial.” Particulars will be found further on.

5. Under “Communications” provision has been made for 12 new works, including one Chuttrum, 2 Travellers’ Bungalows and 2 Musafarkhanas. Of the travellers’ bungalows, that at Jagalur seems questionable. It has been asked for and I have brought the item forward, but I am inclined to think that the Province is already sufficiently provided with accommodations. The musafarkhanas and chuttrum are, however, desirable works. The grant under this service head is Rs. 94,000 against Rs. 86,800 of the previous year, eventually increased to Rs. 1,17,400 by re-appropriation.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th May 1887.*

6. Under "Miscellaneous Public Improvements," Rs. 86,000 has been provided in the budget, the principal item being the "Mysore Water Supply Project" (allotment Rs. 50,000), a work which ought to be pushed forward. It will probably be necessary to augment this amount later in the year, to provide for the temporary distribution of water now being carried out under the Sanitary Engineer. Under this head of service, there are certain works for the improvement of the town of Mysore, which are properly speaking Municipal works, and ought perhaps to be provided for by special grants. I allude to the extension of Ramavilasa Agrahara road, levelling the glacis of the Fort, filling up Purnaiya's Nullah. Three other works of this Municipal character have been entered in the budget without allotment. A special reference regarding them will be made when the estimates are ready.

7. *Repairs.*—Provision under this head has been made according to actual requirements. The total grant is Rs. 2,50,000 against Rs. 2,46,780 for the past year as modified by re-appropriation.

DISTRICT FUNDS.

8. The grants for the several Districts have been fixed, as usual, on the estimated annual income, less the amount audited by the Comptroller, *vide* para 3 of Dewan's Proceedings No. 2669-80—61 of 25th July 1884. The total amount of this budget is Rs. 4,58,000 or Rs. 68,000 more than that of last year.

9. The grant fixed for the Chitaldroog District has been found insufficient to meet the demands of that District. The bridging of the Sulekerehalla on the Shimoga-Harihar road, which is in progress on an estimate of Rs. 28,040, has therefore been given no allotment. A sum of Rs. 12,000 will be required for 1887—88 and it is requested that this amount be sanctioned as a special grant from the District Fund assets of Chitaldroog, of which a balance of Rs. 30,287 is available.

10. The Executive Engineer, Hassan Division, requires a grant of Rs. 50,000 for 1887—88 for constructing the bridge across the Yagachi river at Belur, which is in progress on the sanctioned estimate of Rs. 1,14,522. A special grant of Rs. 10,000 was made last year for this work from the District Fund assets to the credit of the Hassan Division. For this year, it has been found possible to provide only Rs. 5,000 from the ordinary District Fund grant, and as the assets at the credit of the District are small, the sanction of Government is requested to a special grant of Rs. 45,000 from "Local Funds General" under which a balance of Rs. 3,43,328 is available. This large amount will probably not be spent within the year, but I hope the Executive Engineer will urge on the work with all possible speed and with this object a liberal grant is desirable.

11. The distribution of the grant by service heads and by Divisions is given in Abstract IV. Establishment has been charged at the same rate as last year, *viz.* 21 per cent on the total of the budget grant.

PROVINCIAL IRRIGATION FUND.

12. The total grant for this budget, including the grant-in-aid of Rs. 7,62,500 from Provincial Funds referred to in para 4, is Rs. 9,62,500 against Rs. 8,38,500 for last year. Of this amount Rs. 6,10,000 has been allotted for "Original works," Rs. 1,60,000 for "Repairs" and the balance Rs. 1,92,500 for "Establishment" which has been fixed at 20 per cent on the total grant. 221 major works have been provided for under Original, *vide* Detail Budget, Part I. The provision of Rs. 1,60,000 under "Repairs," which is the same as that for 1886—87, includes Rs. 32,000 for the annual repairs of channels.

13. Against some of the works, which it is desirable to press forward to completion, I should have liked to assign larger allotments—notably the Rampu channel, the Hoskote tank channels, the Kerkalgore tank, the Ramasamudram channel

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th May 1887.*

extension. In the course of the working year, however, lapses and re-appropriations will enable me to assign the funds necessary to cover expenditure, and if progress be unexpectedly rapid (and I hope it may be), I shall apply for an additional special grant under "Irrigation."

ESTABLISHMENT.

14. The total charges under this head aggregate Rs. 4,16,000 against Rs. 3,74,200 for 1886—87. The cause of the excess provision is explained below:—

I. *Direction.*—The increase of Rs. 5,600 is due (1) to provision having been made for an Imperial Executive Engineer of 1st grade (Captain Kensington, R. E.) in place of an Executive Engineer of 2nd grade; (2) to a lump sum of Rs. 1,400 having been provided to meet the charges for the remaining office hands of the late Consulting Engineer's Office for six months, by which time it is hoped these hands will be provided for. These charges will be gradually reduced as the Clerks are provided for, but it will be necessary to provide an extra Clerk in the Public Works Secretary's Office to assist in the disposal of Railway work, in connection with which there will always fall on the Public Works Secretary a certain amount of correspondence, accounts, references, &c. The sum referred to above provides for this extra Clerk for 6 months.

II. *Construction.*—The excess of Rs. 34,200 is due (1) to provision having been made for the marginally noted Imperial Engineers, until they are transferred from this Province; (2) to provision for one promotion in the Local Engineer Establishment, should such be found desirable during the year; (3) to provision for the promotions recently made among Upper Subordinates and for the six temporary Upper Subordinates entertained in addition to ordinary scale, and now employed on large irrigation projects; and (4) the money limit for "Lower Subordinates" and "Taluk Mestris" having been slightly increased to meet actual requirements. This limit indeed it may be found necessary to still further augment during the course of the year in order to strengthen the hands of the Deputy Commissioners, should an extension of the tentative scheme of tank maintenance become feasible.

III. *Accounts.*—The excess of Rs. 2,900 provides for the increase of Rs. 100 to the pay of the Examiner recently sanctioned as well as for the increase of Rs. 50 to the pay of the Assistant Engineer also sanctioned. These increments are very reasonable and have been fully earned.

15. The total charges are 22·9 per cent on the total grant of Rs. 22,28,000, or 3 per cent more than the percentage for 1886—87. The charges are distributed as follows:—

	Rs.
District Funds at 20 per cent	91,600
Provincial Irrigation Fund at do	1,92,500
Provincial Fund at 17·8 per cent	1,31,900
Total Rs. . . .	<u>4,16,000</u>

The percentage of establishment as against works will be reduced by the assignment of special additional grants asked for above. It will, I believe, compare favorably with the percentages of establishments obtaining in other Departments in India.

PALACE BUDGET.

16. Besides the budgets enumerated above, a grant of Rs. 70,000 has been given from Palace Funds for the extension of His Highness the Maharaja's Palace at Bangalore and for other buildings connected therewith. The expenditure on these works, which are separately detailed, will be adjusted monthly through the Comptroller. With these remarks, I beg to submit for approval draft of the Preliminary Public Works Budget for the year 1887—88.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th May 1887.*

No. 1910--388, DATED OOTACAMUND, 12TH MAY 1887.

ORDER THEREON.

Provincial Fund Budget.

In regard to Civil buildings, for which a provision of Rs. 1,45,000 is made under Provincial Funds, it is observed—

1stly. That the proposed Victoria Institute at Mysore in honor of Her Majesty's Jubilee is treated as a charge against His Highness' personal estate. It is however one which should be borne by the Provincial Budget, and accordingly a grant of Rs. 15,000 shall be made towards it in the current year.

2ndly. The necessity of a new Taluk Cutcherry at Nagamangala is not clearly made out. It may be found sufficient (as in the case of the Taluk Cutcherry at Seringapatam) to improve and extend the present building, for which purpose, subject to further investigation, the allotment of Rs. 3,000 budgetted for, may stand.

3rdly. Improvements to the Taluk Cutcherry at Nagar may be abandoned, as the Taluk Head-quarters has to be shifted to Kallurkatte, where a new Taluk Cutcherry must be built, for which a grant of Rs. 3,000 should be provided for in the current year's budget.

4thly. The need for a new Munsiff's Court at Honnali requires further investigation. The completion of the Gubbi-Harihar Railway may possibly render a change of the Munsiff's Head-quarters necessary. The item may however stand provisionally in the budget.

2. The above alterations involve an increase of Rs. 16,500 under "Civil Buildings."

Communications.

3. A Travellers' Bungalow at Jagalur is not required and must be struck out reducing the budget provision under "Communications" by Rs. 3,000.

Miscellaneous Public Improvements.

4. In the Mysore Special Improvements Division, no grants are made for items 61, 62, 63 and 64. The Government cannot at present afford to build in Mysore City a new and costly General Market, but it must rebuild the frontage of the present market in some suitable style, as a work necessarily connected with the Dufferin Fountain. For this work, as well as for improvements within the City and Fort of Mysore and for the temporary distribution of water, a lump sum of Rs. 16,500 should be provided.

Provincial Irrigation Fund Budget.

5. The Provincial grant to irrigation, viz. Rs. 7,62,500, is reported to be insufficient to meet the demands of some of the large and important works now in hand, notably the Rampur and Ramasamudra channels and the Rekalgere Tank. To put down insufficient amounts against these works might furnish a plausible excuse for dilatory execution. Therefore, rather than look to lapses and re-appropriations for augmenting the grants against these works during the year, the Dewan is prepared at once to sanction increased grants as follows :—

Rampur Channel	..	Rs. 60,000 + 40,000 = 1,00,000
Ramasamudra Channel	..	.. 30,000 + 20,000 = 50,000
Rekalgere Tank	..	.. 10,000 + 24,250 = 34,250

6. The alterations above enumerated increase the Provincial grant for Public Works for 1887—88 from 15 to 16 lakhs, that is Rs. 3,30,000 more than in 1886—87. This increase is now sanctioned and the Comptroller will be requested to alter the Provincial budget accordingly. The distribution of the above grant will be as follows :—

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th May 1887.*

	Rs.
A. Military and Civil Buildings	2,33,500
Communications	2,86,000

Tools and Plant	8,600
	<u>7,32,188</u>
B. Grant for Irrigation	{ Original Works 5,34,250 Repairs 1,60,000 Establishment 1,73,562
	<u>8,67,812</u>

District Fund Budget.

7. No allotment is made for the Sulikere Bridge. As a special case Rs. 12,000 required to complete this work together with Rs. 3,000 on account of establishment charges, total Rs. 15,000 is sanctioned out of the Local Funds of the Chitaldroog District, thus increasing the budget grant against those funds to Rs. 46,500.

8. The Yagachi Bridge in the Hassan Division is an important work, for which no provision beyond Rs. 5,000 is available from the Local Funds of the Hassan District. The work is estimated to cost Rs. 1,14,000, out of which only Rs. 10,000 is likely to have been expended till the close of the last year. Without aid from the Local Funds General, this important work cannot be completed within a reasonable time. A sum of Rs. 56,250 is accordingly sanctioned out of Local Funds General, *viz.* Rs. 45,000 on account of the work itself, and Rs. 11,250 on account of establishment charges.

9. The District Fund budget, including the above grant from Local Funds, will therefore stand at Rs. 5,29,250.

10. The budget estimates of the Public Works Department for 1887—88 will amount to Rs. 23,99,250, or Rs. 4,59,250 more than the final grant for 1886—87. These estimates comprise the following 4 distinct funds:—

	Rs.
Provincial Revenue	16,00,000
District Funds (Local and General)	5,29,250
Irrigation Cess Fund	2,00,000
Personal Estate of His Highness the Maharaja	70,000
Total ...	<u>23,99,250</u>

11. The above grant distributed according to works stands as follows:—

Irrigation	Rs. 8,67,812 + 2,00,000 = 10,67,812
Communications	3,29,162 + 5,18,710 = 8,47,872
Buildings	3,49,302
Miscellaneous Public Improvements	1,23,724 + 10,540 = 1,34,264
Total Rs.	<u>23,99,250</u>

12. Establishment is estimated to cost Rs. 4,16,000, being about 17 per cent of the total budget.

13. With the foregoing remarks and alterations, the Preliminary Budget Estimates for 1887—88 are approved.

C. BOWEN, LIEUT. COL., R. E.,
Secretary to the Government of Mysore.

38	Schedules and tracings of certain lands required by the Madras Railway for ballast pits, received from the Assistant to the Resident, were forwarded to the Deputy Commissioners of Bangalore and Kolar for making early arrangements for the transfer of the lands specified in them reporting for the orders of Government any claim for compensation for lands to be transferred to the Madras Railway Company.—Communicated to the Assistant to the Resident.	17th do	
39	In reply, petitioner Ramaiengar of Mayasamudra in the Tiptur Taluk was informed that as land No. 160 below the Mayasamudra Tank should never have been given out for cultivation but always reserved for the service of the tank, the Tumkur Deputy Commissioner's order excluding the said land from the petitioner's patta could not be set aside.—Communicated to Deputy Commissioner, Tumkur District.	Do do	
40	In forwarding copy of Survey Superintendent's Docket No. 655, dated 11th November 1885 and of its enclosure, to the Deputy Commissioner, Mysore District, it was observed that the report submitted by him on the petition of Boregauda of Kamagaudana Koppal in the Mysore Taluk, complaining that a piece of his patta land had been measured at the Survey into the adjacent tank, was extremely meagre, and he was requested to report definitely as to the extent and position of land claimed by petitioner, &c.	Do do	
41	The Deputy Commissioner, Tumkur District, was requested to ascertain from petitioner Rani Toiyammaji of Hagalewadi whether she was willing to accept on 8 year's shraya terms the whole extent of arable land belonging to the applied for depopulated village of Haralakatte in the Gubbi Taluk if the tank was put into an efficient state of repair by Government.	Do do	
42	The grant by the Deputy Superintendent, Revenue Survey, of the abandoned village of Mudlapur in the Attikuppa Taluk during the time of settlement to one Mugegauda, was cancelled, as the reference to that officer by the Revenue authorities before whom the case had been pending was merely for the purpose of getting the land assessed, and the land directed to be sold by public auction.—Communicated to the Deputy Commissioner, Mysore District.	Do do	

Subject and Order.	Date of Order.	Date of previous Orders.
3 The sale of Jodi Kachagere village in the Maudya Taluk having been reported as having failed to realize the full amount of the Government demand against it, it was directed that the jodi village be resumed on behalf of Government and that the arrears struck off the accounts and the Survey Settlement be introduced therein.—Communicated to Deputy Commissioner, Mysore District, and the Superintendent, Revenue Survey and Settlement.	17th May 1887.	
4 In reply, it was observed that the encroachment by Haddal Appanna Chotti of Komarballi village in Manjarabad Taluk, of land measuring 2 acres and 10 guntas out of Survey No. 19 without any excuse, and his conduct in denying all knowledge of it in spite of his own admissions and clear documentary evidence were highly irregular, and the Deputy Commissioner, Hassan District, was requested to grant him under the recent rules an additional extent making it 10 acres and collect from him Rs. 100 as the price of the block and twenty times the proportionate assessment on the 2 acres as fine for encroachment.	Do do	
5 The Deputy Commissioner, Mysore District, was requested to submit a plan of the garden near Mysore known as Cole's Garden showing each Survey number together with a list of fruit trees on each number and to state his opinion in regard to the disposal of the said garden by sale in convenient plots separately. *Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Judicial),—dated 18th June 1887.*

READ THE FOLLOWING PAPER :—

Letter No. 646—97, dated 7th June 1887, from the Inspector General of Police, submitting copy of a report from the Deputy Commissioner of Tumkur on the operations of the Police in the capture and successful prosecution of a Lambani gang and strongly supporting the Deputy Commissioner's recommendation for rewards to certain Police officers and others in recognition of their valuable services.

CAMP No. 381-2, DATED 18TH JUNE 1887.

ORDER THEREON.—As recommended by the Inspector General of Police, the following rewards and personal allowances are sanctioned :—

1. Mr. Mahomed Ali, Police Assistant Commissioner, an honorarium of Rs. 500 ;
2. Inspector Mahomed Jaffer, a personal allowance of Rs. 10 per mensem, tenable on condition of his passing the Amildar's test in 1888, as it is only in that way it would be possible to give him promotion and thus absorb the personal allowance ;
3. Inspector Venkatramanaia, a personal allowance of Rs. 10 to last till he is promoted to a 1st Class Inspectorship ;
4. Dafadar Nallur Nayik, a money reward of Rs. 15 ;
5. Patel Sidlinge Gauda, a gold bangle of the value of Rs. 50 ;
6. Syed Sab, Revenue peon of the Sira Taluk, a money reward of Rs. 7 ; and
7. Lakshmakka, toddy woman, a money reward of Rs. 20.

PART I. REVENUE.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 6th June 1887.*

READ THE FOLLOWING PAPER :—

From the Deputy Commissioner, Bangalore District, To the Chief Secretary to the Dewan of Mysore, D. No. 147, dated 3rd June 1887.

In returning the enclosures received with your Office Memo No. 812 of 24th March last, I have the honor to state that the tax was imposed by Mr. Abdul Rahman, the Sub-Division officer, during his revision of the Municipal taxes in 1884—85, ten barbers appear to have been taxed in Closepet Town itself and some others in different villages.

2. Rupees 20 is the amount reported by the Amildar, as realized in Closepet Town. There is no authority for this tax beyond the rule about professional taxes.

3. As a general rule, the barbers are not taxed throughout this District, though why they should be exempted from paying when the Dhobis, Kumbars and others have to, is hard to say. Of course when any one of them is in possession of Inam land as a village servant, he is entitled to exemption in common with the others; but otherwise, as the profession is in Kasaba Towns, a fairly lucrative one, I do not see any real hardship in imposing on them a trade tax, when they are not landholders.

CAMP No. 699, DATED MYSORE, 6TH JUNE 1887.

ORDER.—The tax should be withdrawn at once. The Deputy Commissioner is requested to note that no addition to the items of taxation is legal, unless previously approved by the Government.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.

READ THE FOLLOWING PAPER :—

Letter No. 53 of the 7th May 1887, from the Deputy Commissioner, Tumkur District, forwarding a deposition taken from the Jodidars of Timlapur, Chiknayakanhalli Taluk, in which they beg that the Government may bear a moiety of the cost of the restoration of the Jodi Timlapur tank, and that the other moiety be advanced to them without interest.

CAMP No. 723—5, DATED MYSORE, 6th JUNE 1887.

ORDER THEREON.—It is quite clear that the Jodidars of Timlapur do not realize their responsibility in the matter of the repair of their tank. The Government are not seeking, as is evidently assumed by the Jodidars, to derive a higher revenue from the irrigation works situated below. They are merely trying to remedy the direct damage to Government irrigation works and Government lands, by reason of the breach of the Jodidar's tank and their failure to repair it. The Jodidars having, after full and repeated notice, failed to discharge the responsibility resting upon them under the custom and law of the country, the Government hereby directs that the tank in question be repaired by Government and the cost of such repairs be recovered from the Jodidars in due course by means of a temporary water rate of Rs. 4 per acre of inam irrigated land under the tank. This levy should continue until, by means of it, the entire cost (one-half of which bearing interest at 6½ per cent per annum) is wholly liquidated.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.
Copy to the Secretary, D. P. W., for information with papers.
Copy to the Comptroller.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 16th June 1887.*

READ THE FOLLOWING PAPERS:—

Survey Superintendent's Report No. 210, dated 9th June 1887, with enclosures.

CAMP No. 845, DATED MYSORE, 16TH JUNE 1887.

REVIEW THEREON.—In the Measurement Department, the work turned out is reported to be less than in the year previous and it is easily explained: the establishment was smaller and the time of the Measurers was "much indented upon by extraordinary quantity of miscellaneous work connected with coffee lands, gold-mining blocks and breaking up of Survey numbers into smaller area." It is gratifying to note that in spite of these difficulties, the number of fields measured was 93,196 against 85,593 of 1884—85, which was due chiefly to the high figure at which the number of chains per establishment was kept.

2. The result of the measuring test is satisfactory; the mean average test between test and original work was $\frac{2}{3}$ of an acre against $\frac{1}{3}$ the year previous.

Classification.—The number of establishments was four as in 1884—85, the progress reported however is less as shown below:—

Year.	No. of Establish- ments.	Average Number of Classification per Establishment.	Villages.	Fields.	Arable Acres.	Unarable Acres.	Total Acres.	
1	2	3	4	5	6	7	8	
1884—85	...	4	1586	1,424	103,579	371,620	559,632	731,252
1885—86	...	4	1662	1,142	90,923	335,164	361,092	696,256
Increase	...	...	76	...	12,...	36,...	1,460	...
Decrease	...	...	...	282	12,656	36,456	..	34,996

The Superintendent's explanation is follows:—

"The total cut-turn compares somewhat unfavorably with that of the year previous. The explanation lies in the necessity with such very strong establishments of employing the men occasionally on in-door work and in the case of the C. Establishment especially in the necessity of keeping the men at Head-quarters to finish up work urgently required for settlement."

3. The classification test showed the mean difference between test and original work to be 2 pies against 3 in the previous year.

4. Appendix No. 8 of the Report contains information regarding the distribution of village maps: the work was delayed to a certain extent in consequence of amalgamation of villages; otherwise, progress was fairly satisfactory.

5. **The Cost of Operation.**—The total cost per acre under measurement and classification was 0—5—10-77 in the year under report as against 0—5—3-66 in 1884—85. This was of course due to the smaller area measured and classed.

6. The work of the Department is drawing to a close; there are only 2 Taluks to be measured, 11 to be classed and 17 to be settled, and the Superintendent has, with the sanction of Government, adopted measures for the gradual reduction of the strength of the Department.

7. The thanks of Government are due to Colonel Grant for his very efficient control and supervision, and the Dewan requests that he will convey to all the officers of the Department under him the due appreciation of their services by Government.

R. VIJAYINDRA RAO,
Chief Secretary.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 6th June 1887.*

READ THE FOLLOWING PAPER —

Letter No. 10, dated 5th April 1887, from the Deputy Commissioner, Hassan District, submitting for orders proceedings connected with the unauthorized cultivation with coffee of a portion of Survey No. 9, by Iregauda and Gulam Mohadin Sabi of Madagedi in the Manjarabad Taluk.

CAMP No. 730—31, DATED MYSORE, 6TH JUNE 1887.

ORDER THEREON.—The Dewan quite concurs in the opinion of the Deputy Commissioner, that under the peculiar circumstances of the case the sale of the land in a public auction would be a hardship.

2. The Khatedars Iregauda and Gulam Mohadin, who had lands adjoining the Survey No. 9, have admittedly encroached upon this number, but without any intention to do so, and in ignorance of the real boundaries of their holdings. The encroached portions have remained in their possession for seven years and they have paid heavy penalty for the encroachment and good price for the land as fixed by the Deputy Commissioner. It would, under such circumstances, be a harsh proceeding to make them forfeit the land. The Deputy Commissioner will, in communication with the Survey Department, arrange to divide the No. 9 and register the portions in the respective enjoyment of Iregauda and Gulam Mohadin in their names.

favorable terms in the above villages in 1882-83, and after 2 years they resigned some of it. Subsequently several of these numbers were taken up by other parties on kandayam. The Deputy Commissioner now reports that the Association is anxious to take up all the other available numbers that were resigned by them, as per margin, and recom-

mends their grant on the following conditions :—

Free of assessment for 2 years, viz 1887—88 and 1888—89.

Half assessment for 1889-90 and full assessment thereafter.

2. The Dewan approves of the recommendation, the numbers to be granted being those not already taken up by third parties.

Petition dated 18th November 1883 from Kalegauda of Mudikuppe, complaining against the Jamabandi Officer's order fining him for unauthorizedly constructing a dam across the feeder channel of the Bherya tank and thereby cultivating wet crops on his land in the village of Donanagatta in the Holé-Narsipur Taluk.

Proceedings connected with the case received with Mysore Deputy Commissioner's No. 662, dated 10th December 1884.

Also Hassan Deputy Commissioner's No 83, dated 9th May 1887.

CAMP No. 774, DATED MYSORE, 9TH JUNE 1887.

ORDER THEREON.—Kalegauda has constructed an earthen embankment along the margin of his land so as to protect it from the Bherya tank feeder. He had a perfect right to make this embankment; but his further act of throwing a dam across the said feeder channel so as to raise the level of the water in the stream and to use it by means of a sluice to irrigate his land was unauthorized and irregular. Under the peculiar circumstances of the case, however, the fine imposed upon him by the Jamabandi Officer should be remitted, and in lieu thereof he should be charged with the full wet assessment on such portions of his dry land as may have been converted into wet by means of the dam aforesaid during Chitrabhanu and subsequent years.

2. The Deputy Commissioner will decide, after proper enquiry, whether the existence of the dam in question is undesirable in the interests of the Bherya tank. If he finds it undesirable, then the dam must be removed and petitioner warned that any future erection of that kind will render him liable to severe punishment. If, on the other hand, the Deputy Commissioner should find that the dam in question (which, it is probable, is only used during the hot weather) causes no appreciable diminution of supply to the Bherya tank, then, in that case, the petitioner should be allowed to retain the dam and his lands irrigated thereby should be charged with full water rate in communication with the Survey Department.

2. **Receipts.**—The estimate of the current year's receipts amounting to Rs. 87,500 exceeds that of the past year by Rs. 4,700 owing to the increase expected under octroi, to the improvement in the estimate under rents from houses including rents from the Town Hall and to the new provision of Rs. 1,000 under "Miscellaneous" or the recovery of the amount expended by the Municipality in constructing frontages of houses in the Fort main bazaar from their owners. The main item of decrease is Rs. 500 under "Rents from Markets" owing to the demolition of some of the stalls in the Devaraja Mohalla Market for erecting the Dufferin Fountain. This however is likely to be soon made good by the proposed construction of additional shops, &c., in the market, for which a provision of Rs. 5,000 is made for expenditure under original works.

3. In para 11 of the Dewan's Proceedings C. No. 10 of 4th April 1884, it was remarked that the Mysore Municipality derived no income from the sale of Municipal rubbish, &c., from which every Municipality derived a considerable income. In the budget of the town for 1885—86 a sum of Rs. 1,000 was sanctioned for removal of manure by Municipal agency to be sold periodically by auction. In the present budget the estimated receipt from the sale of manure is only Rs. 70 against Rs. 100 in the budget of the past year, while Rs. 1,000 have been entered for expenditure under Conservancy for removal of manure. The Vice-President is requested to report what steps have been taken to develop this source of Municipal revenue,

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial)—dated 28th June 1887.*

4. **Expenditure.**—The proposed expenditure, *viz.* Rs. 1,01,200, exceeds that of the past year by Rs. 10,588 and the sanctioned estimate for the previous year by Rs. 21,696. It is also Rs. 13,700 more than the estimated income for the current year, reducing the probable closing balance to Rs. 4,846.

5. **Increases.**—Compared with the actuals for 1886—87 and the sanctioned charge for 1885—86, the

estimates under Head Office and Collection Establishments show increases as noted in the margin. The Sayer Daroga whose pay was in 1884—85 fixed at Rs. 40 per mensem to rise to Rs. 50 by two annual increments of Rs. 5 each draws his maximum pay from last year and it is now proposed to give him a horse allowance of Rs. 10 per mensem to enable him to visit daily all the Ukada and exercise strict and constant supervision over the Monegare. The increases under the other items referred to have been recommended by the Board. It is also proposed to establish a Langarkhana in the Municipality and to start a Primary Vernacular School at Itigegud, and Rs. 500 for the former and Rs. 200

for the latter have been newly entered in the Budget. There is also an increase of Rs. 500 in the allotment for other charges under each of the heads of "Town Hall" and "People's Park," the cost of which as well as the charge on account of the Kukarhalli Musafarkhana is being debited to Municipal Funds from the past year. These increased provisions are sanctioned.

6. **Conservancy.**—The allotment under establishment for Conservancy,

which is the same as that allowed in the Budget for 1885—86, exceeds the actual Establishment as shown in the margin. This is due to the proposals made in 1885—86 for additions to the strength of the establishment which have since been recommended by the Municipal Board.

Letter No _____ dated _____ 1887, from the Inspector General of Police, bringing to the notice of the Dewan that _____, Amildar of _____ maintained no horse, that consequently there was a laxity of Police supervision in his Taluk and that the Inspector General has no power to punish Taluk heads of Police.

CAMP No. 786—8, DATED MYSORE, 8TH JUNE 1887.

ORDER THEREON.—It is surprising that the Sub-Division officer and the Deputy Commissioner should have failed to notice for a whole year Amildar _____'s omission to keep a horse. An Officer like _____, who is given a horse allowance is bound to keep a horse and failure to do so must involve the forfeiture of his horse allowance. In future, every Amildar or Police Inspector, who draws a horse allowance, must, in his monthly pay bill, certify that he has maintained a horse. In the absence of such a certificate, the horse allowance must not be passed to him.

2. As punishment for evading an obvious obligation, _____ must refund one-fourth the horse allowance he drew for the period during which he failed to maintain a horse, but drew the horse allowance notwithstanding.

3. In regard to the Inspector General's control over Amildars in their Police capacity, the Government desire that it should be regulated by the spirit of the late Chief Commissioner's Circular No. 1113—23, dated 3rd June 1871. If, after being duly reprimanded, an Amildar persists in neglecting his Police duty, or in otherwise misconducting himself in Police matters, the Inspector General will submit a recommendation for his suspension or dismissal.

4. As Amildars are appointed by Government, it is of course necessary that their suspension or removal must rest with the Government. Fining or other Departmental punishment is calculated to lower their authority and usefulness, and is unsuited to Officers occupying the high position of an Amildar.

To

The Inspector General of Police.

Sir,

I am desired to say that the Police Circulars issued from your office to the Bangalore and Mysore Districts are addressed to "The Superintendent of Police through the Deputy Commissioner of———District," and that the procedure is apt to be misunderstood. I am to add that it seems desirable that the Superintendents of Police and Assistant Commissioners in charge of Police duties should be dealt with in the same manner and as equals under the direct orders of their respective Deputy Commissioners who are the chief responsible officers of their District. I am to suggest that a convenient mode of addressing Police Commissioners would be to address them to Deputy Commissioner of———District, Police Department, in the same way as Treasury Commissioners. It will rest with each Deputy Commissioner to arrange with his Police Superintendent or Assistant as to the opening and disposal of such communications.

I have the honor to be,

Sir,

Your most obedient Servant,

4th June 1887.

Petition, dated 20th November 1885, from Duggaiya, Shanbhog of Anivala Firka, Holalkere Taluk.

Also.—

Tumkur Deputy Commissioner's No. 756, dated 8th January 1886, submitting proceedings connected with above.

CAMP NO. 887, DATED MYSORE, 17TH JUNE 1887.

ORDER THEREON.—The seven villages which formed the Shanbhog charge previous to the Potige settlement, 1877, were at that settlement divided into two circles, one of which was registered in the name of the hakdar Duggaiya, a minor at the time, the second circle being registered in the name of Krishnappa, apparently stranger, who was at the time the Gumasta of Duggaiya for the whole of the seven villages in question.

2. The minor on attaining his age complains against this dispossession and claims the second circle also in addition to the one of which he has been recognized the hakdar.

3. Besides him, there is another claimant Venkatakrishnaiya, the minor son of Nadig Ramanna, through his guardian mother, the widow of Ramanna, who owned these same Shanbhog office and the Pateli office of Bagur and who resigned the Shanbhog office in favor of the present claimant Duggaiya, his nephew, at that time the only male issue in the family. But Duggappaiya and Venkatakrishnaiya are undivided cousins and Duggappaiya does not deny his minor cousin's hak to a share in the seven villages in question, provided he (Duggappaiya) is himself given a share of Bagur Pateli.

4. Under such circumstances the most equitable arrangement is to remove Krishnappa from the Shanbhogship of 3 villages of Anivala Firka, as he has no manner of right to the office, to recognize Duggappaiya and minor Venkatakrishnaiya as joint hakdars of the Shanbhogship of the 7 villages of Anivala and Sanaballi Firkas as well as of the Patelship of Bagur, and during the minority of Venkatakrishnaiya to recognize Duggappaiya as the officiator Shanbhog of the 7 villages in question, and Venkatesaiya as Patel Gumasta of Bagur on account of both Duggappaiya and Venkatakrishnaiya, and to leave it to the cousins to divide the offices belonging jointly to them in any way they consider proper.

5. The above arrangement is the most equitable as it is clear that in the absence of a division between uncle and nephew, it is impossible to hold that the uncle (Nadig Ramaiya) intended to divest himself of all right to the Shanbhogship of the 7 villages or to exclude the nephew Duggappaiya from all right to participate in the Pateli. The arrangement which Nadig Ramaiya appears to have desired was rather one under which the two members of the family were to do the duties of 2 separate offices both which belonged to the family jointly, and in the absence of a general division of the family property, it is impossible to presume that a division of the offices in question was intended.

6. For the foregoing reasons, the Dewan directs that the arrangement described in para 4 above be carried into effect forthwith.
